**MESSAGE OF GOVERNOR ALBERT P. BREWER
TO JOINT SESSION OF THE ALABAMA LEGISLATURE
AT ORGANIZATIONAL SESSION JANUARY 13, 1971**

Mr. President, Mr. Speaker, Members of the Joint Session,
Ladies and Gentlemen:

The beginning of a new administration in Alabama has historically been an exciting time, a time when a new Governor and a new Legislature assume the reins of State Government, when anticipation becomes action, when political philosophies become goals, when campaign platforms become programs, when ever-changing opportunities for service offer constant challenge for creative thought and direction.

We are now at that time, and there is passed on to you and to the new administration the mantle of responsibility for governing the 3½ million people who are Alabama, a great people, a worthy people, a people whom you are fortunate to serve and who are fortunate to have you serve them. Certainly my warmest good wishes and my pledge of personal cooperation go to you as you serve during the ensuing four years.

While historians will pass judgment upon the record of my administration (from frankly a far better perspective than any of us can enjoy), still I have the responsibility of reporting to you on the condition of our State and also sharing with you some recommendations, based upon my experience as Chief Executive, which I hope will be helpful to you in your deliberations.

At the outset I want to publicly pay tribute to my Cabinet. No other Governor has been blessed with people of more dedication and integrity. The progress our State has enjoyed in so many areas during my administration is due in large part to their efforts, and as I commend them publicly, I feel a sense of personal appreciation which words cannot express.

And also I want to pay tribute to the men and women who are the State employees, the civil servants who keep the wheels of State Government running and whose intense pride in serving the people of Alabama is reflected in the continual upgrading and expansion of State services to all the people of our State.

You will be furnished detailed reports from each of the State departments. Through these reports you will have available an analysis of the operation of each of the departments, its accomplishments and its needs.

The goal of government must be to serve the people, and the goal of my administration has been to seek better ways to provide better services to the people of Alabama in all areas where Government touches and influences their individual lives.

Believing strongly that education is the foundation on which people prepare themselves for opportunity, I early resolved that our goal in Alabama should be for each child in our State to have an educational opportunity equal to that which any child can obtain in any state in this Nation. Thus our first attention was given to public education with a view toward providing not just more money for education but more education for our money, with a view toward bringing new ideas and new techniques into our educational effort. With the cooperation of the Legislature the most successful session for education in the history of our State, held in early 1969, resulted in the enactment of local effort legislation placing upon each county in our State the responsibility of providing significant local support for its public schools; changing the distribution of minimum program funds so that each child in each school system in Alabama now receives the same amount of state support for his education; increasing our expenditures for public education in this biennium by over \$180 million; the approval of a Constitutional amendment providing for the election of members of the State Board of Education and the appointment by the elected State Board of the State Superintendent; the creation of the Commission on Higher Education; and the creation of a permanent Education Study Commission.

But it does us little good to educate our people if we do not also provide jobs and opportunities for them here in Alabama. The creation of the Alabama Development Office provided a State agency with responsibility for coordinating statewide planning and development, including all federal programs, technical assistance to local communities, and an aggressive, well-organized industrial development agency. As Governor I participated actively in our industrial development efforts, and our record has been remarkable—in the thirty-two months of the Brewer Administration we have seen \$1,129,512,000 invested in new and expanded industry in Alabama with jobs for 69,606 of our people.

The economic development of our State is dependent upon the commerce and transportation facilities available. The development of our highways and of our waterways is critical to our future.

Taking advantage of available federal funds, this administration in the last two years has let to contract \$355,988,000 of

highway construction projects, more than in any previous four-year period in our State's history.

The last legislature authorized a \$25 million bridge program to replace some hazardous and inadequate bridges, and these funds have been committed to five desperately needed projects. Many other hazardous bridges are in use today in Alabama and need replacing. I hope that you will consider these needs as you consider related highway matters.

The matter of safety on our highways is one of continuing concern to all of us. Highway safety generally involves two aspects: (1), the enforcement of our rules of the road; and (2), the education of our people toward good driving habits.

The Department of Public Safety, one of the finest in the nation, has been substantially upgraded with additions in personnel, the expansion of the cadet training program, the provision of new equipment, and substantial increases in salaries. In fact, every State Trooper in Alabama is making at least \$1200 more a year now than he was making when I became Governor, and every trooper has modern equipment now including his patrol car.

We have greatly expanded the driver education program so that every high school student in Alabama has this instruction available to him. The Legislature, being mindful of the fact that drinking drivers are involved in over 50 percent of the fatal accidents in Alabama, finally enacted in 1969 the Implied Consent Law which has given us a weapon to combat those who abuse the privilege of using our highways. This same Legislature passed a school bus safety law designed to insure that our students can go to and from school with the maximum of safety.

And what does this all add up to? It adds up to lives saved. In 1970 we had 94 fewer fatalities on our highways than the previous year, and this in spite of the fact that there was a substantial increase in automobile registration. In fact, the 1970 fatality record was the lowest since 1967. Thus we are making progress in our efforts to make our highways safer for our people . . . we are saving lives.

We have continued to expand the State Docks at Mobile and to develop our system of inland docks. Earnings at the Mobile Docks are at an all-time high, and additional ore-handling facilities are under construction at Theodore together with capital improvements for bulk handling facilities in Mobile. Grain elevators are under construction at Selma, Phenix City, Columbia, Demopolis, and Tuscaloosa, and a new State Docks is being constructed here in Montgomery.

Last year I had the privilege of meeting with the Director of the Bureau of the Budget in Washington, along with others who were interested in the Tennessee-Tombigbee Waterway. As a result of that meeting construction funds were appropriated by the Congress for this vitally needed link between Mobile and the Mid-Continent United States. Hopefully, construction will begin within the next twelve months, and when completed, this waterway will open the heartland of America to the ports of commerce throughout the world through our own State Docks at Mobile.

Similar development of the Coosa-Alabama Waterway is now in progress. Legislation has been adopted to provide for the State's participation in this undertaking. The Alabama River is now navigable to Montgomery, and as this development proceeds northerly along the Coosa, significant economic growth can be expected through this area of Alabama.

One of the most serious problems confronting you relates to our environment. This has been a time of great concern with the problems of our environment. Our State has experienced vast fish kills, resulting in some instances from industrial pollution of our waterways. I have insisted that the health and safety of our people must be protected. I am advised by the Alabama Water Improvement Commission that within a short period of time every industry and municipality discharging waste into our streams will have treatment facilities sufficient to insure the preservation of aquatic life and the health and safety of our people.

Recently, the State Department of Conservation, in cooperation with Auburn University, received a federal grant matched by funds which I made available from the Emergency Fund to survey and define the heavy metals present in our rivers and streams. This program is a first in our nation and should enable us to avert future occurrences such as the mercury pollution problem.

The Air Pollution Commission, created by the last Legislature, has adopted stringent air control standards for the Birmingham area, and as it extends its control program over the entire state, it needs and deserves your support and backing.

Equally disturbing as the pollution of our air and water has been the pollution of the minds and bodies of our young people through the growing use of dangerous drugs and the sale and distribution of pornographic materials in our State. While these problems have not assumed the proportions in Alabama which they have in some other states, still they represent a threat to the moral fiber of our people. The laws which we had enacted last year should be rigidly enforced to protect

our youth against these diabolical threats to their health and moral well being.

I am particularly proud of the efforts of my administration to provide for the needs of those unable to take care of themselves. Our State owes a great debt of gratitude to those who came before us and through their efforts built the society which we now enjoy. Over 100,000 Alabamians now derive all or a substantial part of their support from old age assistance. They are having to subsist on something less than a decent standard of living. I am pleased to report to you that for the first time in Alabama's history our average old age pension check is now \$103 per month. Other categories of assistance have also been increased, but most helpful to our public assistance recipients was the enactment of the Medicaid program last year. When one considers that many old age assistance recipients were having to pay from \$40 to \$60 per month for necessary drugs and medical attention from their meager checks, one can realize what Medicaid has meant to them. Truly thousands of Alabamians today enjoy a higher standard of health care than ever before in history because of the enactment of the Medicaid program. Additional monies for Medicaid will be necessary this year, but a sufficient surplus exists in the General Fund to provide this appropriation without threatening the fiscal stability of the General Fund.

The State continues to progress in the field of mental health with mental health facilities, begun during my administration under funds authorized by the 1967 Legislature, and patients are now being treated at the Decatur facility with construction in progress at the Mobile facility.

The future medical needs of our people deserve your attention. In 1967 the Booz, Allen and Hamilton report, authorized by that Legislature, recommended the expansion of our medical education facilities with additional medical schools at Mobile, Tuscaloosa, and in the Huntsville area. Last year I made planning funds available to the University of South Alabama for preliminary planning for that medical school. The Booz, Allen and Hamilton Report is an excellent pattern and provides a comprehensive plan for an orderly development of additional medical education facilities in Alabama.

My administration has also been concerned with the conditions of the working people in our State. In a time of inflation, high taxes, and the decreased purchasing power of the dollar, our middle and lower income families are the first to feel the economic pinch. Their voice has been strong in my administration. We are proud of the legislation which we sponsored substantially increasing benefits in workmen's com-

pensation and unemployment compensation and eliminating the employee contribution and the discriminatory "pregnancy clause". We were also successful in getting passed prevailing wage legislation to provide that workers on state construction projects would be guaranteed the prevailing wage for their trade or craft in that area.

The 1967 Legislature authorized the expansion and development of a State Parks program. The people of Alabama ratified this Constitutional amendment in December of 1967. When I took office in May of 1968, we began planning for the development of this program. Our purpose has been to provide a system of State parks with modern and convenient facilities attractive to tourists and vacationing Alabamians alike, and also to provide day use facilities where a family can go for a day's outing. Several of the parks are now under construction, and others will be ready to let to contract shortly. This program offers great opportunity to develop the tourist industry in Alabama.

I would be remiss if I did not mention that the Legislation authorizing the Parks Development Program required the Department of Conservation to operate these facilities. I should like to recommend that the Department be given the discretion to lease the motel and restaurant facilities, where the Department considers such a course desirable, to minimize the financial risk involved in the operation of the facilities and also to make available the expertise and experience of private enterprise in such operations.

Local governmental units in Alabama are hamstrung by increasing demands for services and the lack of sufficient operating funds. My administration budgeted highway funds for a grant program for the cities and counties, and I urge you to give consideration to establishing a permanent program of this nature. The 1967 Legislation repealing the Farm to Market program has made it impossible for most of our counties to maintain and construct necessary roads. Additionally, some years ago the State withheld from the cities and counties profits from the Alcoholic Beverage Control Board, and I urge you to make these funds available to our governmental units.

It has been said that justice delayed is justice denied, and because of crowded court dockets at the appellate level, a problem which has faced us for many years, the last Legislature at my recommendation authorized the expansion of the State Supreme Court from seven to nine members and the creation of a Court of Civil Appeals with the present Court of Appeals becoming the Court of Criminal Appeals. I am advised that our appellate court dockets are now virtually current and that

litigants in these courts can expect prompt attention to their cases.

You will shortly receive the recommendations of the Commission on Constitutional Revision. This Commission was authorized by an act of the Legislature at my recommendation. There are many who have advocated a Constitutional Convention, but the experience of other states has been that a totally new document is rarely accepted by the electorate. I am persuaded rather that the offering of revisions by articles or subject matter, easily explainable through the media, offers a much better chance of public approval. I know that you will give close study and attention to the recommendations of the Commission, and I hope you will submit to the people for their approval or rejection those amendments suggested by the Commission.

I have been often frustrated by the cumbersome aspects of government, and the "kingdom building" which goes on in respective state departments. It is appalling to me that we have some 250 state boards, departments, commissions and agencies. Even as you have been working toward the reorganization of the Legislature and many needed reforms in your branch of government, so also there is much opportunity for the streamlining of state government through a combining of various agencies, eliminating duplication, and ultimately providing greater efficiency in all departments.

I have previously mentioned the contributions by the dedicated state employees to the progress and accomplishments we have enjoyed. In recognition of their contributions, my administration has substantially increased wages to state employees, provided expanded retirement benefits, improved hospitalization insurance for employees and their dependents, and adopted the 26 pay period plan whereby employees are paid every other Friday instead of twice monthly. I am proud that I had the privilege of being associated with the state employees, and I am personally grateful to them for their cooperation with my administration.

I am certain you have observed, as I have, the increased interest, concern, and involvement of our youth in every facet and aspect of our society. Our young people are the leaders of tomorrow. They are interested in government. Some months ago, I established a student leadership commission composed of the presidents of the student government associations at each of our colleges and universities. This commission meets regularly and will be contacting you about matters in which they are interested. I urge you to hear their voice, a constructive

and concerned voice. They can make a valuable contribution to the governmental process in our State.

Probably no other generation of young people is so knowledgeable and interested in the problems of our state and nation. They are more intelligent and better educated than any other generation of young people. I firmly believe that they deserve our trust, and I recommend to you today that you submit to the people of Alabama a Constitutional amendment reducing the minimum age for qualification to vote to 18 years.

You face many problems: the need for strong ethics legislation affecting state officials, reapportionment, redistricting, revision of election laws, legislation dealing with consumer affairs, tax relief where possible and particularly on medicines and drugs, (and I recommend for those over 65 increasing the homestead exemption to \$5,000), and the constant demand for additional funds for increased state services. The state is in good financial condition. At the beginning of this fiscal year, there was a surplus in the State's General Fund of \$13,443,000. A part of this will be needed by supplemental appropriation for the Medicaid Program. The remainder provides a base for the expansion of other state programs and services.

This surplus was made possible by efficient administration of the state's affairs. This state government is big business, the biggest business there is in Alabama. It ought to be run like a business, and we have tried to do that. The car pool with the resulting savings, in vehicle purchases, gasoline and repairs; the centralization of our computers; careful and competitive purchasing of state insurance; and the elimination of assistant department heads where such were not needed, have saved our state millions of dollars allowing us to provide increased benefits for our less fortunate citizens, and even the construction of two new state buildings without borrowing for such construction.

These then have been good years for Alabama. They have been years free from the influence of extremist groups and activities in our State. They have been years free from civil strife and disorder. They have been years of peace and progress.

I am proud of the record of the administration which bears my name, I am proud of what has been accomplished during the past 32 months to make Alabama a better place to live. I came into office under very tragic and extremely difficult circumstances. Fate thrust into my hands the reins of state government. History will tell how well we met our responsibilities.

Certainly it is with some sadness that I will shortly leave state service, but the sadness I feel is nothing compared to the deep, appreciation I have for having had the opportunity to serve as Governor of the greatest state in the Nation. May the Lord who has been so good to me be as good to you and all our people.

Thank you, good luck, and God bless you.

**MESSAGE OF GOVERNOR GEORGE C. WALLACE
TO JOINT SESSION OF THE ALABAMA LEGISLATURE
AT SPECIAL SESSION MARCH 31, 1971**

Governor Beasley, Speaker Lyons, Members of the Alabama Legislature, Distinguished Guests, Ladies and Gentlemen:

We meet here this evening in response to my request that our Legislature convene in Extraordinary Session for the purpose of considering matters of immediate and vital importance to the people of Alabama.

On such an occasion it seems needful and proper that all members of the legislative body, as well as the people of our state, fully understand and appreciate the urgency of the situation and the basis for my action in calling the Legislature into session at this time.

The decision to convene the State Legislature in Extraordinary Session is not a decision easily made nor an action lightly taken. In arriving at a final determination a Governor should give full and earnest consideration to all of the facts and circumstances surrounding the immediate need for such a session and utilize to the fullest all of the advice, counsel and expertise available to him. This is what I have done on this occasion.

Perhaps no Governor in the history of our state has had the advantage of the advice and counsel of a more dedicated and conscientious group of legislators that I have in seeking solution to the problems confronting all of us.

This concern and dedication evidenced itself in the January session when the Legislature organized the appropriate interim committees to give immediate attention to problems of State Government of pressing importance. These committees were charged to proceed forthwith to review and examine the matters within their respective areas of concern and to advise the Legislature and your Governor as to their findings and recommendations. This they have done in an extremely able manner in an unbelievably short period of time. Only through tireless and dedicated effort and sacrifice on their part has this been possible. I would be less than honest if I did not report to you that the advice, counsel and recommendations of these committees, and that of other individual legislators who have conferred with me, has been the most persuasive factor in bringing us here this evening. On behalf of myself and the people whom they serve, I wish to express my thanks to all the members of this Legislature, individually and collectively, who have worked so unselfishly with us since our January inauguration.

Matters which have occupied the attention of your Legislature and your Governor during the days and weeks leading up to this evening include the absolute necessity for the continuation to substantial completion of our federal interstate system, as well as our other road and bridge building programs in this state. The safety of our traveling public, the general welfare of the area and communities served and the overall economy of the State demand that we not abandon our program of development and construction of our roads and bridges.

Safety of travel alone makes this need imperative. Under modern conditions of travel and transportation a less than adequate highway system presents an unacceptable hazard to the lives and safety of our citizens. The death rate on our highways, both rural and urban, is far too high. We have no choice but to do all within our power to reduce this peril to our people. Statistics irrefutably show that the condition of the roadways traveled makes a major contribution to traffic injuries and deaths — the second major contributing factor being the enforcement of our traffic laws.

I am dedicating myself to improvement in both areas, and ask this Legislature to join with me in this effort. I am proposing, what I feel to be, a reasonable and adequate program for the improvement and development of our highway system. At the same time I pledge a vigorous enforcement of the laws of this state regarding travel and use of these highways. I am convinced that together this will do much to reduce the present death and destruction we are experiencing on our highways.

While this alone is enough to warrant our action in regard to highway construction, it is inevitable that we consider the effect an adequate, or inadequate, highway system has on the economy of the State, or on an area of the State. Modern-day industry and commerce tends to follow and develop along the major arteries of highway transportation. A means of uninterrupted land transport must be available to any major industry situated in our state. The return on our investment is assured from increased business and commerce flowing into the State. An increasing benefit to our tourist industry is realized as we make our outstanding attractions more available to travelers through an adequate inter-state and in-state road system.

Being convinced of the need for continuation of our highway program, and having such belief confirmed and approved by the legislative committees inquiring into this matter, we have directed our attention to the funding and implementation of the program. In the legislative measures introduced here this evening, you will find that a significant portion of the burden

of funding the \$185,000,000 in bonds felt necessary for this purpose has been placed on the major users of these roads and highways. All with whom I have conferred see fairness in this approach.

There is certainly no intent on my part, or that of anyone, to deal with any segment of our economy unfairly. However, the feelings expressed to me have been uniform to the effect that those using the highways for profit should bear a significant portion of the burden of their construction and maintenance. In implementing this determination, our trucking industry, along with others, is being asked to shoulder a proportionate share of the load in the further development of our highway system. This approach will have application to both commercial and private carriers as each uses our roadways alike in furtherance of the needs of their particular business or industry.

I would like to note that the program we are presenting is not restricted to any area or section of our state or to any particular type of road or highway. The roads and bridges of our smaller rural counties and the streets of the villages and towns of our state are as equally important as are the expressways and thoroughfares traversing our large urban areas of population. All will be treated alike and the needs and requirements of each will be considered. My Highway Director and other members of my staff have been instructed to proceed in this manner in formulating the highway program for the next four years. I assure you this program will be a total program, aiding and assisting all people and areas of the State.

A second matter which all agree must be dealt with on an immediate and highly accelerated basis is that of medical education and the delivery of medical services to the people of Alabama. The hour has struck for us to put an end to a state of affairs in which Alabamians have to wait days and weeks to get an appointment to see a doctor — in which mothers watch sick children with the hopeless feeling which always accompanies inability to get proper medical attention — in which overworked doctors and nurses are unable to meet the increasing demands upon their time and energy caused by the growing number of patients.

Throughout the campaign of last spring, I repeatedly called attention to the critical need in this state for more doctors and allied medical personnel and for a more effective delivery of medical service to all of our people, whether they live in rural or urban areas of our state. At that time I stated my intention to propose a program providing means for the education of more doctors and other medical personnel in Alabama.

In my judgment, such a program will have the overwhelming endorsement and support of the people of the State.

For more than nine months this matter has been the subject of exhaustive study by the medical profession, the academic and administrative staffs of several of our major state universities, by members of the Legislature and by myself and my staff. I am indebted to all of these persons, institutions and agencies for the untiring and unselfish efforts they have made toward solution of this critical and complex problem. And I might add, that while there may be minor points of disagreement as to the exact course to follow, all are in accord that action must be taken, and taken immediately to alleviate the critical shortage of doctors in Alabama and make adequate medical services available to all of our people.

The program we propose provides for the expansion of the medical college at the University of Alabama, Birmingham; the establishment of a four-year medical college at the University of South Alabama in Mobile, the creation of two-year schools of medical education at the University of Alabama in Tuscaloosa and the University of Alabama in Huntsville, together with the enlargement and possible relocation of the school of pharmacy of Auburn University. In a recent meeting with the presidents of these institutions, we discussed in detail, and found ourselves in accord on, a program which provides for the enrollment within the near future of 325 students annually compared with the present figure of little more than 100. I found among this group the spirit of dedication and cooperation so vital to the success of this program and a willingness to place the welfare of the State above personal institutional considerations. I am confident that this same attitude will prevail in the Legislature.

Funding requirements for the \$35,000,000 in bonds for capital outlay for this program have been proposed which impose no undue burden on anyone, and I ask your full and earnest consideration of this program which I feel to be so badly needed by our people.

Still in the area of health care, I call your attention to the plight of the less fortunate, the mentally ill and mentally retarded. I would think that most Alabamians are aware of the concern and compassion that my late wife, Governor Lurleen Wallace, held for this group and of her efforts in their behalf. Under her sponsorship and direction a program was enacted by our legislature in 1967 designed to provide facilities throughout the State for the care, treatment and teaching of this group. Fifteen million dollars was provided for the construction of these facilities. By reason of circumstances be-

yond the control of any party here tonight, the establishment of these facilities has been long delayed, and we are now advised that the program envisioned by Governor Lurleen will only be realized in small part.

In consultation with the Legislature and the agency charged with responsibility for the administration of this program, I have been advised that additional funds are needed if any progress is to be made in providing the necessary care for our mentally ill and retarded. I have long stated that I am dedicated to the ultimate completion and realization of the program begun in 1967, and I have pledged my efforts to that end. I am proposing to you tonight that an additional \$15,000,000 be made available to the Mental Health Board for the completion of the planned facilities and that this program be given support, guidance and supervision of all of us in seeing it to successful completion. I do not feel that we can do less for those unfortunate persons so vitally affected by our efforts.

As a bonus effect, the establishment of these new facilities will serve to reduce the severe overload now existing in all of our other mental health facilities, thus providing more adequate and complete care for all of those so in need of this attention. Funding for this program is from the same source and in the same manner as that for our other medical facilities and imposes no undue hardship on any person or segment of our population.

In 1967, during the administration of my late wife, the Legislature authorized and the people approved the development of a park and recreational program in this state. Many of our people had long sought such a program as a means for the development of the many and varied recreational areas and tourist attractions of Alabama, ranging from the mountains of the north counties to the beaches of the Gulf. This program was well advanced in the planning state at the time of Governor Lurleen's death.

With no intent of criticizing former administrators, we now find this program to be in a state of total confusion, bordering on chaos. This has been occasioned, in large part, by rising costs and to over commitment in certain areas and under commitment in others. Whatever the reason may be, we find few, if any, parks completed, with the planned facilities lying dormant in varying stages of construction. Some park and recreational areas included within the program have received little or no attention or money; others are partially completed while some few others have reached a stage of substantial completion. Money is not available to complete the program.

All of this leaves the officials charged with the administration of this program with an agonizing decision as to what

course to pursue, confronted with the question of whether to place all parks in a partial state of completion or to abandon some in favor of others. Neither seems to be a wise or economically feasible solution.

A committee of the Legislature has reported that \$21,000,000 in capital outlay will complete the program in a satisfactory manner. This committee reasons that all of our people would then be better served from a recreational standpoint and that our resources in the area of recreation and tourist attractions would be adequately developed, which would mean much economically to the State. The committee recommends that steps be taken to secure funds for this purpose.

I am in agreement with the recommendations of the committee and have included in this call a proposal that you authorize \$21,000,000 in capital outlay funds to be used in completing the park and recreational program, thus enhancing the recreational and tourist potential of our state. I pledge to you, if you adopt this proposal and provide such funds, that this program will be given minute attention, careful planning and close supervision. Funding of the bond measure will be from a source imposing no hardship on individual citizens or on the business community. I ask your favorable consideration of this proposal.

Other matters that I would request that you consider include legislation increasing the amount paid to the State by banking institutions on state money held in time deposits. As you may recall, legislation offered by the Wallace Administration was enacted in 1967 requiring for the first time payment of interest to the State for the deposit of state money in banking institutions. Since that time more than \$12,000,000 has been paid in earned interest. The presently offered legislation would increase the rate of interest to be paid by the banks and would provide procedures to assure timely deposit of available funds. Through adoption of this legislation, the State will be assured of the deposit of more funds at a higher rate of interest. There is no question but that this is in the public interest and in keeping with the wishes of the vast majority of our people. It assures a fair, honest and equitable return on the people's money and is deserving of your support.

There will also be presented to you legislation designed to upgrade the unemployment compensation statutes to provide increased benefits to the unemployed, whose ranks are now increasing to a critical level. The legislation offered will extend present benefits for an additional thirteen weeks.

Between seven and eight thousand Alabama workers who have exhausted their regular UC benefits and have been unable

to find employment would be entitled to additional benefits under this program. They would be paid approximately \$2,000,000 over the next thirteen weeks. The Federal Government would pay half this amount with only \$1,000,000 coming out of the Alabama US Trust Fund.

This change is badly needed at this time as unemployment continues on the rise. In the event of extended unemployment this additional thirteen weeks' benefit becomes critical. On behalf of the fine, dedicated men and women making up the labor force of Alabama, I ask that you give favorable consideration to this legislation at the earliest possible moment.

Both a special interim committee of the Legislature and the Public Service Commission are presently considering the matter of proper rates for the public utilities of the State. This is a matter of increasing concern to all of the citizens of Alabama, who in one or more ways are affected by the rate charges of the utility companies. I found this to be a matter of genuine concern throughout the State during the recent campaign and, indeed, it is fast becoming a matter of high concern throughout the nation. I have offered personal testimony before the legislative committee looking into this matter, and I am appearing through counsel in the proceedings before the Public Service Commission. I feel that such is my duty and obligation if I am to properly preserve the rights of the people in this vital area.

My proposals to you in this instance are in line with my desire to afford a full and fair hearing for all parties concerned in all matters affecting the fixing of utility rates. To this end I am proposing that legislation be enacted extending the time for which the Public Service Commission, the State regulatory agency, may suspend rate schedules filed by the public utilities before they become effective. This will afford the consumer, and those representing consumer interest, time in which to review, consider and evaluate the requests made and file appropriate answer. Otherwise, the hearing becomes an ex parte proceeding to a large degree.

Secondly, I propose that you adopt legislation standardizing the basis upon which the property of public utilities is valued in fixing a "rate base" for rate making purposes. This procedure is not now uniform and in many instances highly confusing. Passage of the proposed legislation will eliminate much of this doubt, confusion and mistrust and provide a reasonable and equitable basis for rate making.

As a result of lengthy inquiry by both the Legislature and the fiscal officials of the State, it has been found that certain State agencies and institutions, due to accelerated expendi-

tures during the first two quarters of the present fiscal year, do not have sufficient funds available to continue operation for the remainder of the year ending September 30. The Fiscal Study Committee and other interim committees have reviewed these situations in detail and have recommended in each instance that sufficient supplemental appropriations be made to enable the State agencies concerned to continue to function.

A bill is being offered providing modest but adequate appropriations for these agencies, including the Department of Pensions and Security, the Board of Corrections, the Department of Public Safety and the Medicaid program administered by the Medical Services Division of the State Board of Health. All of these requests have been examined by both the Executive Department and the appointed committees of the Legislature and found to be necessary and required if the agencies named are to continue to operate throughout the current fiscal year.

The General Fund, from which the greater portion of the departments and agencies of the executive branch of government are funded, is in a precarious financial position. The existing surplus, not nearly so large as earlier reported, is being utilized to sustain operations for the remainder of the fiscal year. This places the General Fund in the impossible position of entering a new fiscal year with little or no balance. Something needs to be done now to remedy this situation.

I have recommended the passage of the so-called "bank interest" bill to provide some increase to the General Fund. I am also offering legislation to provide for the uniform disposition of unclaimed and abandoned tangible and intangible personal property known as the "Escheat Law". Adoption of this legislation will provide an undetermined amount of new revenue to the General Fund, which is sorely needed. Perhaps other legislation to bolster the General Fund will be offered — if so, I request your close and serious examination and approval if found to be valid.

In closing let me say that the matters included in this call for an Extraordinary Session are those which have had my close, careful and studied consideration. I sincerely believe that the proposed programs are in the interest of the people of this state. They are in keeping with the commitments and covenants of my campaign. I know that many of you made similar commitments and have similar attitudes as to the programs presented. I ask only a fair, impartial and unbiased consideration of the legislation offered, with approval if found sufficient or amendment and correction if improvement can be made.

All of us, I am sure, share the same desire that our efforts in this session will produce good for the citizens of our state —

providing relief where relief is needed, and help and assistance where the need exists. I feel that our programs in the area of health services, highways, parks and other proposed legislation are in the best interest of all Alabamians.

Although this does not pertain directly to the business of this session, I think it appropriate to call to your attention the fact that we have recently commenced a study on efficiency in governmental operations. Through use of professional consultants and the advice and counsel of leaders of the business and professional community, we hope to develop and implement a plan which will provide substantial savings and far greater efficiency in the operation of our state government. The firm we have engaged has conducted similar studies and developed plans in twelve or more states with outstanding results. We are optimistic as to success in Alabama.

I wish to express again my gratitude to this Legislature for the help and assistance that it has offered in guiding my decision with respect to the call of this session and the measures to be considered. No Governor has ever been afforded greater support and cooperation, and I am firm in my belief that together we can meet and solve the problems confronting our state.

May God bless and guide you in your labors.

SENATE JOINT RESOLUTION

WHEREAS the conviction of Lt. Calley for the premeditated murder of 22 Vietnamese civilians at My Lai has shocked and astounded this nation; and

WHEREAS the ravages of war are often suffered by thousands of innocent persons, both young and old, and women and children alike, as was witnessed in the bombing of Hiroshima and Nagasaki, the order for which was issued by President Truman and executed by our Air Force in an effort to bring that war to a close; and

WHEREAS many of our American boys, having little or no choice in the matter, have been called to fight an entirely different type of war in a far-away land peopled and infiltrated by indistinguishable allies and enemies; and

WHEREAS the horrors of war, whether declared or undeclared, are universally well known, but are known to none so well as to those in active combat who must constantly face the possibility of instant death or untold agony; and

WHEREAS many American soldiers have been killed or maimed as the result of actions of inhabitants of hostile villages and experience has proved that neither age nor sex of the inhabitants is a limitation on the ability to pull a trigger or to toss a hand grenade; and

WHEREAS the killing of innocent women, children and aged persons is no case to be condoned, it is inconceivable that this young man, or any young man, who is ordered by his military command into combat in a foreign land for the primary purpose of destroying the enemy, should even be tried, much less convicted, for his actions in line of duty; and

WHEREAS circumstances of war in Vietnam are such that chances of risks involved may not be long calculated nor may personal compassion be indulged by any soldier without the probability of death from a single blast from a single gun of a single unsuspected enemy; and

WHEREAS Lt. Calley's conviction is devastating to the morale of our own troops who are in a quandry as to whether

they prefer to be damned for obeying orders or damned for not obeying them or who might well be picked off by the enemy while vacillating between such preferences; now therefore

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That the Legislature of Alabama respectfully requests the Congress of the United States to institute immediate proceedings for a thorough investigation of the conviction of Lt. Calley for the so-called My Lai murders; that all evidence presented and testimony of witnesses be re-evaluated and proceedings reviewed; that every possible source of new evidence be obtained; and that every consideration be given to the devastating effect of such conviction on the morale of our own troops and on its resulting aid and comfort to our enemies.

BE IT FURTHER RESOLVED That the President of the United States is hereby respectfully requested to suspend the sentence of Lt. Calley pending the completion of the above referred to investigation; and, in any case, to suspend such sentence until the trial and conviction of persons who performed similar actions under similar circumstances.

BE IT FURTHER RESOLVED That copies of this Resolution be sent to the President and to each member of Congress of the United States.

AN ACT

To amend Section 209, Title 26, Chapter 4, Code of Alabama 1940, as last amended, so as to provide for extended unemployment compensation benefits.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 209, Title 26, Chapter 4, Code of Alabama 1940, as last amended, is hereby amended to read:

“§ 209. Duration of benefits.—A. Any otherwise eligible individual shall be entitled during any benefit year to a total amount of benefits equal to whichever is the lesser of twenty-six times his weekly benefit amount, and one-third of the wages paid to him for insured work during his base period; provided that such total amount of benefits, if not a multiple of one dollar, shall be computed to the nearest multiple of one dollar. For the purpose of this article, wages shall be counted as “wages for insured work” for benefit purposes with respect to any benefit year only if such wages were paid in the base period immediately preceding such benefit year. In determining an individual’s benefit rights, remuneration payable but unpaid to such individual shall to the extent that regulations promulgated by the director prescribe, be deemed to be “wages paid” to such individual.

B. Extended benefits.—Notwithstanding any other provisions of this title the duration of benefits as provided in subsection A of this section shall be extended as provided in this subsection B.

(11 Definitions.—As used in this subsection, unless the context clearly requires otherwise—

- (A) “Extended benefit period” means a period which**
 - (i) begins with the third week after whichever of the following weeks occurs first:**
 - (a) a week for which there is a national “on” indicator, or**
 - (b) a week for which there is a State “on” indicator; and**
 - (ii) ends with either of the following weeks, whichever occurs later:**
 - (a) the third week after the first week for which there is both a national “off” indicator and a State “off” indicator; or**
 - (b) the thirteenth consecutive week of such period;**

Provided, That no extended benefit period may begin by reason of a State “on” indicator before the fourteenth week following the end of a prior extended benefit period which was in effect with respect to this State; and

Provided further, That prior to January 1, 1972, an extended benefit period may become effective and be terminated in this State solely by reason of a State “on” and a State “off” indicator, respectively.

(B) There is a "national 'on' indicator" for a week if the U. S. Secretary of Labor determines that for each of the three most recent completed calendar months ending before such week, the rate of insured unemployment (seasonally adjusted) for all States equaled or exceeded 4.5 percent.

(C) There is "national 'off' indicator" for a week if the U. S. Secretary of Labor determines that for each of the three most recent completed calendar months ending before such week, the rate of insured unemployment (seasonally adjusted) for all States was less than 4.5 percent.

(D) There is a "State 'on' indicator" for this State for a week if the director determines, in accordance with the regulations of the U. S. Secretary of Labor, that for the period consisting of such week and the immediately preceding twelve weeks, the rate of insured unemployment (not seasonally adjusted) under this subsection

Be It Enacted by the Legislature of Alabama:

Section 1. Section 38 of Title 18 of the Code of Alabama 1940 is hereby amended to read as follows:

"Section 38. Members.—No person who is not an incorporator shall become a member of a cooperative unless such person shall agree to use electric energy furnished by the cooperative when such electric energy shall be available through its facilities. The by-laws of a cooperative may provide that any person, including an incorporator, shall cease to be a mem-

ber thereof if he shall fail or refuse to use electric energy made available by the cooperative or if electric energy shall not be made available to such person by the cooperative within a specified time after such person shall have become a member thereof. Membership in the cooperative shall not be transferable, except as may be provided in the by-laws. The by-laws may prescribe additional qualifications and limitations in respect of membership. An annual meeting of the members shall be held at such time as shall be provided in the by-laws. Special meetings of the members may be called by the board of trustees, by any three trustees, by not less than ten percent of the members, or by the president. Meetings of members shall be held at such place as may be provided in the by-laws. In the absence of any such provision, all meetings shall be held in the city or town in which the principal office of the cooperative is located. Except as hereinafter otherwise provided, written or printed notice stating the time and place of each meeting of members and, in the case of a special meeting, the purpose or purposes for which the meeting is called, shall be given to each member, either personally or by mail, not less than five nor more than forty days before the date of the meeting. Five percent of all members present in person shall constitute a quorum for the transaction of business at all meetings of the members, unless the by-laws prescribe the presence of a greater percentage of the members for a quorum. If less than a quorum is present at any meeting, a majority of those present in person may adjourn the meeting from time to time without further notice. Each member shall be entitled to one vote on each matter submitted to a vote at a meeting. Voting shall be in person, but, if the by-laws so provide, may also be by proxy or by mail, or both. If the by-laws provide for voting by proxy or by mail, they shall also prescribe the conditions under which proxy or mail voting shall be exercised. No person shall vote as proxy for more than three members at any meeting of the members."

A cooperative may mortgage, by mortgage or deed of trust, pledge or otherwise encumber, to secure any indebtedness of the cooperative, all or any substantial portion of its property, assets, and the revenues and

income therefrom, from time to time, when authorized by the affirmative vote of a majority of its members at a duly held meeting after proper notice thereof. Provided, however, that the board of trustees of a cooperative, without authorization of the members thereof, shall have full power and authority to authorize the execution and delivery of a mortgage or mortgages or a deed or deeds of trust upon, or the pledging or encumbering of, any or all of the property, assets, rights, privileges, licenses, franchises, and permits of the cooperative, whether acquired or to be acquired, and wherever situated, as well as the revenues and income therefrom, all upon such terms and conditions as the board of trustees shall determine, to secure any indebtedness of the cooperative to the United States of America, any instrumentality or agency thereof, or to any financing institution organized on a cooperative plan for the purpose of financing its members' programs, projects and undertakings, in which the cooperative holds membership."

Be It Enacted by the Legislature of Alabama:

Section 1. Amend Act No. 3, Acts of Alabama, Regular Session, 1967, by striking therefrom Sections 2, 3, 4 and 8 and inserting in lieu thereof the following:

“Section 2. As much money as may be needed for current operational purposes of the state government, as determined by the State Treasurer, in accordance with procedures prescribed by Section 3 hereof, and with the approval of the Governor, shall be maintained at all times in the State Treasury in cash or in demand deposits with state depository banks. The State Treasurer shall apportion such demand deposits among state depositories, giving due consideration to the activities of the various banking accounts maintained therein, the reasonable value of the banking services rendered or to be rendered the state by depository banks and to the value and importance of such deposits to the economy of the communities and the various areas of the state to be affected thereby as indicated by the loan to deposit ratio.

“Section 3. The Commissioner of Revenue shall at least thirty (30) days prior to the effective date of contracts with state depositories covering time deposit, open accounts, furnish to the State Treasurer projections of the income payable into

the state treasury on a monthly basis for the next succeeding three (3) calendar months of the interest period of such contracts. The Director of the Department of Finance shall at least thirty (30) days prior to the effective date of contracts with the state depositaries covering time deposit, open accounts, furnish to the State Treasurer the amount of funds estimated to be needed for all expenditures and payments out of the state treasury, computed on a monthly basis for the next succeeding three (3) calendar months of the interest period of such contracts. The Commissioner of Revenue and the Director of the Department of Finance are authorized to require such information and reports from all state departments, boards, commissions and agencies as may be necessary to carry out their respective functions under this section. Upon receipt of such reports and determinations from the Commissioner of Revenue and the Director of the Department of Finance as herein provided, the State Treasurer shall promptly determine and compute the net minimum balance estimated to be available at any time during the period covered under such contracts for time deposit, open accounts, and shall report such determination and computation to the Director of the Department of Finance. The State Treasurer shall place fifty percent (50%) of the said estimated net minimum balance in time deposit, open accounts, with state depositaries as provided for in Section 4. If operational obligations permit, the amount placed on time deposit, open account, in any state depositary shall be substantially equal to the amount maintained therein in net collected balances on demand deposit during the preceding thirty (30) days, after deducting therefrom any amounts transmitted to or received by said depositary in connection with its services and actions as paying agent for bonded indebtedness of the state, its agencies and instrumentalities.

"Section 4. The State Treasurer is authorized to execute contracts with the state depositaries covering time deposits, open account, provided that no funds may be withdrawn from said account except upon thirty (30) days notice in writing or for the minimum period of time prescribed by applicable banking regulations then in force and effect. The annual rate of interest on time deposits, open account shall be the average for the most recent four (4) weeks of the prices of the ninety-one (91) day United States treasury bill auction, but such annual rate of interest shall not be less than 4% nor greater than 6%, provided, however, the rate shall not exceed the maximum permitted by applicable banking regulations.

A life insurance policy not matured by actual proof of the death of the insured is deemed to be matured and the proceeds thereof are deemed to be due and payable if such policy was in force when the insured attained the limiting age under the mortality table on which the reserve is based, unless the person appearing entitled thereto has within the preceding seven years, (1) assigned,

(c) If it is held in this state by any other person.

SECTION 8. PROPERTY HELD BY FEDERAL COURTS AND FEDERAL OFFICERS.

Funds, tangible and intangible personal property held for the owner by any Federal court, Federal officer, authority or agency, in this state, or funds, tangible and intangible personal property held for the owner whose last known address is in this state, by any Federal court, Federal officer, authority or agency that has remained unclaimed by the owner for more than three years is presumed abandoned.

If specific property which is subject to the provisions of Sections 2, 5, 6, 7, and 9 is held for or owed or distributable to an owner whose last known address is in another state by a holder who is subject to the jurisdiction of that state, the specific property is not presumed abandoned in this state and subject to this Act if:

(a) It may be claimed as abandoned or escheated under the laws of such other state; and

(b) The laws of such other state make reciprocal provision that similar specific property is not presumed abandoned or escheated by such other state when held for or owed or distributable to an owner whose last known address is within this state by a holder who is subject to the jurisdiction of this state.

(c) If the person holding property presumed abandoned is a successor to other persons who previously held the property for the owner, or if the holder has changed his name while holding the property, he shall file with his report all prior known names and addresses of each holder of the property.

(d) The initial report required under this act shall be filed on or before August 1, 1971, as of May 1, 1971. Thereafter reports shall be filed before November 1 of each year as of June 30 next preceding, but the reports filed by insurance corporations shall be filed before May 1 of each year as of December 31 next preceding. The Commissioner of Revenue may postpone the reporting date upon written request by any person required to file a report.

(e) If the holder of property presumed abandoned under this Act knows the whereabouts of the owner and if the owner's claim has not been barred by the statute of limitations, the holder shall, before filing the annual report, communicate with the owner and take necessary steps to prevent abandonment from being presumed. The holder shall exercise due diligence to ascertain the whereabouts of the owner.

(f) Verification, if made by a partnership, shall be executed by a partner; if made by an unincorporated association or private corporation, by an officer; and if made by a public corporation, by its chief fiscal officer.

SECTION 12. NOTICE AND PUBLICATION OF LISTS OF ABANDONED PROPERTY.

(a) Within 120 days from the filing of the reports required by Section 11, the Commissioner of Revenue shall cause notice to be published at least once each week for two successive weeks in an English language newspaper of general circulation in the county in this state in which is located the last known address of any person to be named in the notice. If no address is listed

(b) The published notice shall be entitled "Notice of Names of Persons Appearing to be Owners of Abandoned Property," and shall contain:

(1) The names in alphabetical order and last known addresses, if any, of persons listed in the report and entitled to notice within the county as hereinbefore specified.

(2) A statement that information concerning the amount or description of the property and the name and address of the holder may be obtained by any person possessing an interest in the property by addressing an inquiry to the Commissioner of Revenue.

(3) A statement that if proof of claim is not presented by the owner to the holder and if the owner's right to receive the property is not established to the holder's satisfaction within 65 days from the date of the second published notice, the abandoned property will be placed not later than 85 days after such publication date in the custody of the Commissioner of Revenue to whom all further claims must thereafter be directed.

(c) The Commissioner of Revenue is not required to publish in such notice any item of less than \$50.00 unless he deems such publication to be in the public interest.

(d) Within 120 days from the receipt of the reports required by Section 11, the Commissioner of Revenue shall mail a notice to each person having an address listed therein who appears to be entitled to property of the value of \$50.00 or more presumed abandoned under this Act.

(e) The mailed notice shall contain:

(1) A statement that, according to a report filed with the Commissioner of Revenue, property is being held to which the addressee appears entitled.

(2) The name and address of the person holding the property and any necessary information regarding changes of name and address of the holder.

(3) A statement that, if satisfactory proof of claim is not presented by the owner to the holder by the date specified in the published notice, the property will be placed in the custody of the Commissioner of Revenue to whom all further claims must be directed.

SECTION 13. PAYMENT OR DELIVERY OF ABANDONED PROPERTY.

Every person who has filed a report as provided by Section 11 shall within 20 days after the time specified in Section 12 for claiming the property from the holder pay or deliver to the Commissioner of Revenue all abandoned property specified in the report, except that, if the owner establishes his right to receive the abandoned property to the satisfaction of the holder within the time specified in Section 12, or if it appears that for some other reason the presumption of abandonment is erroneous, the holder need not pay or deliver the property, which will no longer be presumed abandoned, to the Commissioner of Revenue, but in lieu thereof shall file a verified written explanation of the proof of claim or of the error in the presumption of abandonment.

SECTION 14. RELIEF FROM LIABILITY BY PAYMENT OR DELIVERY.

Upon the payment or delivery of abandoned property to the Commissioner of Revenue, the state shall assume custody and shall be responsible for the safekeeping thereof. Any person who pays or delivers abandoned property to the Commissioner of Revenue under this Act is relieved of all liability to the extent of the value of the property so paid or delivered for any claim which then exists or which thereafter may arise or be made in respect to the property. The payment or delivery of abandoned property to the Commissioner of Revenue shall operate as a full, absolute and unconditional release and discharge of the person making the payment or delivery from any and all claims or demands of or liability to any person entitled thereto, or to any other claimant or state, and such payment or delivery may be pleaded as an absolute bar to any action brought against the person making the payment or delivery by any other person entitled thereto, or by any other claimant or state. The person making such payment or delivery shall immediately and thereafter be relieved of and held harmless by the State of Alabama from any and all liabilities for any claim or claims which exist at such time with reference to such abandoned property or which may thereafter be made or may come into existence on account of or in respect to any such abandoned property. Any right to such abandoned property which any other person entitled thereto, or any claimant or state, may have against the person making such payment or delivery to the Commissioner of Revenue shall thereby become the obligation of the State of Alabama. Any holder who has paid moneys to the Commissioner of Revenue pursuant to this Act may make payment to any person appearing to such holder to be entitled thereto, and upon proof of such payment and proof

that the payee was entitled thereto, the Commissioner of Revenue shall forthwith reimburse the holder for the payment.

Section 2. Declaration of Legislative Intent. The object of this Act is to enable the Department to procure funds for the construction, improvement and equipment of additional seaport facilities in the continued development of the state docks at the Port of Mobile so that the Department will be able to render greater service to shippers and others engaged in international trade. This Act shall be liberally construed in order to effectuate its object.

Section 3. Power to Issue Bonds. The Department, with the approval of the Governor, may from time to time and at any time sell and issue its revenue bonds, not exceeding \$15,000,000 in aggregate principal amount, for the following purposes: (a) to provide funds for the construction, improvement and equipment of additional seaport facilities at the Port

of Mobile together with the expenses incident to the authorization, sale and issuance of the bonds; and (b) to repay or fund the principal of and interest on notes that may have theretofore been issued by the Department under the provisions of Section 4 hereof in anticipation of the issuance of the bonds herein authorized. The costs of constructing and improving such facilities shall be deemed to include in interest that will either accrue or become payable on the bonds and the notes hereinafter authorized, or either, during the period required for the construction, improvement and equipment of such facilities, plus not exceeding six months after the completion thereof.

Section 4. Temporary Notes. The Department, with the approval of the Governor, may from time to time issue its interest-bearing bond anticipation notes, not exceeding \$5,000,000 in aggregate principal amount, in anticipation of the issuance of bonds under the provisions of this Act. The notes shall mature not later than twelve months from the date of their issuance, and shall be executed in the same manner that bonds are hereinafter in Section 6 authorized to be executed. Such notes shall be sold at public sale as the Department may direct, and shall be repayable solely from (a) proceeds of the first bonds thereafter issued hereunder in anticipation of the issuance of which such notes were authorized to be issued, and (b) the revenues that the Department is herein authorized to pledge for payment of its bonds.

Section 5. Details Respecting the Bonds. The bonds may be issued in one or more series, shall be in such forms and denominations and of such tenor, shall mature in annual installments the first of which shall mature not later than one (1) year after the estimated date for the completion of the seaport facility financed thereby and the last of which shall mature not later than twenty (20) years from their respective dates, shall bear such rate or rates of interest payable and evidenced in such manner, all as may be provided in the order or orders of the Director in which any of the bonds are authorized to be issued; provided, that no such order shall be valid without the written approval of the Governor. The said order or orders may provide for any or all of the following: the use and disposition of the revenues of the Department derived from the seaport facilities constructed with the proceeds of the bonds and the notes funded thereby; the setting aside of reserves for the bonds; the disposition and administration of any such revenues and reserves; limitations on the purpose or purposes to which the proceeds of sale of any of the bonds may be applied; the procedure, if any, by which the terms of any contract with the holders of any such bonds may be amended or abrogated; the amount of bonds the holders of which must consent to such amendment or abrogation; the manner in which such consent may be given; and any other

provisions not inconsistent with this Act. The Department shall have the power to prescribe, in the order under which the first series of the bonds are issued, the terms and conditions under which the bonds may thereafter be issued for the purposes described in Section 3 of this Act. The Department may at its election retain in the order or orders under which any of the bonds are issued an option to redeem all or any thereof at such redemption price or prices and after such notice or notices and on such terms and conditions as may be set forth in such order or orders and as may be briefly recited in the face of the bonds with respect to which such option of redemption is retained. Any of the bonds having stated maturities more than ten years after the date thereof shall be made subject to redemption at the option of the Department not later than the end of the tenth year after the date thereof and on any interest payment date thereafter, under such terms and conditions as may be provided in the order or orders authorizing the issuance of such bonds. The redemption price or prices of bonds shall not exceed the face amount thereof plus a premium which shall not exceed twelve (12) months' interest thereon.

Section 6. Execution of the Bonds. The bonds shall be issued in the name of the Department and shall be signed by the Director, and the seal of the Department shall be impressed thereon and attested by the Secretary-Treasurer, and all interest coupons applicable to the bonds shall be signed by the Director; provided, that the signature of one, but not of both, of the said officers may be printed or otherwise reproduced in facsimile or any of the bonds in lieu of their being manually signed, the signature of the Director may be printed or otherwise reproduced in facsimile on the interest coupons in lieu of their being manually signed, and the seal of the Department may be printed or otherwise reproduced in facsimile on the bonds in lieu of being manually impressed thereon, all as may be provided in the order under which the bonds are issued.

Section 7. Sale of the Bonds. Any of the bonds may be sold at any time and from time to time as the Director may deem advantageous. The bonds must be sold only at public sale, either on sealed bids or at public auction, to the bidder whose bid reflects the lowest net interest cost to the Department for the bonds being sold, computed from the date of those at the time being sold to their respective maturities and taking into account the premium, if any, in excess of their face value bid by the purchaser; provided, that if no bid acceptable to the Department is received it may reject all bids. Notice of each such sale shall be given by publication one time in either a financial journal or a financial newspaper published in the City of New York, New York, and also by publication one time in a newspaper that is then customarily published in the state not less than five days during

each calendar week. Each such publication shall be made not less than ten days prior to the date fixed for the sale. The terms and conditions under which each such sale may be held shall be fixed in an order made by the Director; provided, that none of the bonds may be sold for a price less than the face value thereof plus accrued interest thereon to the date of their delivery; and provided further, that such terms and conditions shall not conflict with any of the requirements of this Act. Approval by the Governor of the terms and conditions under which any of the bonds may be issued shall be requisite to their validity. Such approval shall be signed by the Governor and shall be entered on the order in which the bonds proposed to be issued are authorized. Such approval by the Governor may be shown on any series of the bonds by a facsimile of his signature printed or otherwise reproduced thereon when authorization of such action is contained in the said approval signed by him. Neither a public hearing nor consent by the Department of Finance of the state or any other department or agency shall be a prerequisite to the issuance of any of the bonds.

Section 8. Bonds and Notes to be Limited Obligations; Pledge of Gross Revenues Therefor. The bonds and notes shall never be or constitute a debt of the state within the meaning of any constitutional provisions, and neither the faith nor the credit of the state shall ever be pledged or utilized therefor. Both the principal of and the interest on the bonds and the notes shall be payable solely out of the limited sources as herein provided. Any order authorizing the issuance of bonds or notes may pledge for payment of the principal thereof and interest thereon the gross revenues of the seaport facilities out of which they are made payable and when so made such pledge will constitute the first charge on such gross revenues.

Section 9. Notice of Order Authorizing Issuance of Bonds. Upon the entry of any order providing for the issuance of bonds, the Department may, in the discretion of the Director, cause to be published once a week for two consecutive weeks, in a newspaper that is customarily published in the state not less than five days in each calendar week, a notice in substantially the following form (the blanks being properly filled in), to be signed with the printed signature of the Director: "Alabama State Docks Department, an agency of the State of Alabama, on the ____ day of _____, 19____, made an order providing for the issuance of \$_____ principal amount of bonds of the Department for the following purpose or purposes: (Here shall be inserted a brief and general description of the purpose of the issue). The said bonds are payable solely from limited sources as described in the said order. Any action or proceeding questioning the validity of the said order or of the said bonds, or the pledge of any instruments securing the said bonds, must be

commenced within twenty days after the first publication of this notice. _____, Director of Alabama State Docks Department." Any action or proceeding in any court to set aside or question the order for the issuance of the bonds referred to in the said notice or to contest the validity of any such bonds or the validity of the pledge and any instruments made to secure such bonds must be commenced within twenty days after the first publication of such notice. After the expiration of the said period no right of action or defense questioning or attacking the validity of the said order, the said bonds or the said pledge or instruments shall be asserted, nor shall the validity of the said order, bonds, pledge or instruments be open to question in any court on any ground whatsoever except in an action commenced within the said twenty day period.

Section 10. The Bonds and Notes Shall be Deemed Negotiable. May be Used to Secure Deposits and for Investment of Fiduciary Funds, and With the Income Therefrom Shall be Exempt from Taxation. The bonds and the notes and the income therefrom shall be exempt from all taxation in the state. The bonds and the notes, when unregistered, shall be construed to be negotiable instruments although payable solely from a specified source as herein provided. Any of the bonds and notes may be used by the holder thereof as security for the deposit of any funds belonging to the state or to any instrumentality or agency of the state in any instance where security for such deposits may be required by law. Unless otherwise directed by the court having jurisdiction thereof, or by the document that is the source of authority, a trustee, executor, administrator, guardian, or one acting in any other fiduciary capacity may, in addition to any other investment powers conferred by law, invest any fiduciary funds in any of the bonds and notes.

Section 11. Authorization to Invest Bonds and Note Proceeds in United States Securities. The Department may, in the discretion of the Director, invest all or any part of the proceeds derived from the bonds and the notes that will not be presently needed for the purposes for which such bonds and notes were issued. Each such investment may be made only in either (a) United States securities having maturity dates on or prior to the dates on which it is anticipated such proceeds will be needed for the purposes for which the bonds and notes were issued. or (b) certificates of deposit issued by a national bank that will be secured by a collateral pledge of United States securities having aggregate face value not less than the amount of the proceeds so invested plus the interest that will become payable on such certificates of deposit at the maturities thereof.

Section 12. Severability Clause. In the event any portion of this Act should be declared invalid by any court of competent

jurisdiction, such invalidity shall not affect the validity of any of the remaining portions of this Act, which shall continue effective.

Section 13. Effective date. This Act shall become effective immediately upon its passage and approval by the Governor or its otherwise becoming law.

SENATE JOINT RESOLUTION

WHEREAS, the comprehensive development of the Alabama-Coosa River and tributaries for navigation, power production and other purposes was authorized by Congress in the Rivers and Harbor Act adopted March 2, 1945, (Public Law 14, 79th Congress, first session); and

WHEREAS, the development for navigation of the Alabama River section is virtually completed, and the last lock is scheduled to be placed in operation by September, 1971, thereby providing navigation a distance of approximately 345 river miles from the Port of Mobile to Montgomery; and

WHEREAS, Public Law 436, 83rd Congress, approved June 28, 1954, suspended the original authorization for developing the Coosa River section for electric power, and the Coosa River has been partially developed by private power interests under a license which required provisions for future installation of navigation locks through six power dams, to be constructed by the federal government; and

WHEREAS, in response to an item in the 1956 Public Works Appropriations Act, an interim report was submitted to Congress in 1960, and printed as House Document No. 320, presenting plans for the Coosa River Navigation Project from Montgomery to Rome, Georgia; comments by the Bureau of

the Budget on the above report and statement of the Secretary of the Army in his letter of transmittal to Congress required an additional economic feasibility study prior to construction; and

WHEREAS, in 1966, under provisions of the "Appalachian Regional Development Act of 1965", a traffic survey of the Coosa and an economic impact study of its 34-county tributary basin were conducted under the direction of the Appalachian Studies Office for Water Resources Development in Appalachia and the Army Corps of Engineers: completed in 1969, the final report establishes the economic feasibility for developing the Coosa River for navigation and the economic development of the basin areas; the Director of the Studies Office recommended that the Coosa River project be reclassified as an active project; and

WHEREAS, The Appalachian Report for Water Resource Development was distributed to Federal and State agencies and others concerned for review and comments; the Secretary of the Army is required to initiate action on the final report: on April 9, 1970, the Secretary released copies of his proposed report for "Development of Water Resources in Appalachia", wherein he recommends for early action the reclassifying of the Coosa River Project to an active status on the basis of the economic reevaluation contained in the Appalachian Report; and

WHEREAS, The Appalachian Regional Report was completed in 1969, and transmitted to the Secretary of the Army: more than a year has elapsed since he issued his proposed report recommending the authorized Coosa River Project be reclassified to an active status: it is apparent that the Secretary of the Army has not taken final action on his report; and

WHEREAS, a large portion of the Coosa River basin is an economically distressed region, the development of the river will add greatly to the economic growth of the area; and

NOW, THEREFORE, BE IT RESOLVED that the Legislature of Alabama go on record as being:

(1) Vitally interested in the development of the Coosa River for navigation and its tributary basin for economic development;

(2) Concerned over the lapse of time which has occurred since the favorable report on Development of the Water Resources in Appalachia was completed, in 1969, and submitted to the Secretary of the Army;

(3) Urging that with all reasonable speed the final report of the Secretary be forwarded to the Appalachian Regional

Commission for review and by that Commission to the President for approval and by the President to the Congress in order that this project so vital to the people of the State of Alabama and of the Appalachia Region may be commenced without further delay.

Each series of the bonds shall be sold only at public sale, either on sealed bids or at public auction, to the bidder whose bid reflects the lowest total net interest cost to the Authority for the series of the bonds being sold, computed from the date of those at the time being sold to their respective maturities and taking into account any premium named in the bid therefor; provided, that if no bid acceptable to the Authority is received it may reject all bids. Notice of each such sale shall be given by pub-

lication in either a financial journal or a financial newspaper published in the City of New York, New York, and also by publication in a newspaper published in the state which is customarily published not less often than five days during each calendar week, each of which notices must be published at least one time not less than ten days prior to the date fixed for the sale. The board may fix the terms and conditions under which each such sale may be held; provided, that none of the bonds may be sold for a price less than the face value thereof; and provided further, that such terms and conditions shall not conflict with any of the requirements of this Act. Neither a public hearing nor consent by the State Department of Finance or any other department or agency shall be a prerequisite to the issuance of any of the bonds.

Section 5. Appropriation of Revenues to the Authority; Pledge Thereof for the Benefit of the Bonds. For the purpose of providing the principal of and interest on the bonds and to accomplish the objects of this Act, there is hereby irrevocably pledged to such purpose and hereby appropriated such amount as may be necessary for such purpose from the following sources:

(a) The residue of the receipts from the excise tax (sometimes referred to as the utilities gross receipts tax) levied by Act No. 21 adopted at the 1969 Special Session of the Legislature of Alabama, as amended, remaining after payment of the expenses of administration and enforcement of the said Act No. 21, as amended, being that portion of the said tax that is required by the said Act No. 21, as amended, to be deposited in the state treasury to the credit of the Alabama Special Educational Trust Fund;

(b) The residue of the receipts from the excise tax (sometimes referred to as the utilities use tax) levied by Act No. 37 adopted at the 1969 Special Session of the Legislature of Alabama, as amended, remaining after payment of the expense of administration and enforcement of the said Act No. 37, as amended, being that portion of the said tax that is required by the said Act No. 37, as amended, to be deposited in the state treasury to the credit of the Alabama Special Educational Trust Fund;

(c) The residue of the receipts from the license tax levied on those engaging in the business of leasing or renting tangible personal property levied by an act adopted at the Special Session of the Legislature of Alabama that convened on March 31, 1971, remaining after payment of the expenses of administration and enforcement of the said act, being that portion of the said tax that is required by the said act to be deposited in the state treasury to the credit of the Alabama Special Educational Trust Fund;

(d) To the extent and to the extent only that the revenues appropriated in the foregoing subsections (a), (b), and (c) of this Section may not be sufficient to pay at their respective maturities the principal of and interest on the bonds, the residue of the receipts from the excise tax known as the sales tax levied by Act No. 100 adopted at the Second Special Session of 1959 of the Legislature of Alabama, as amended, after there shall have been taken from the said residue the amounts appropriated for other educational purposes in Section 32 of the said Act No. 100 (which said residue constitutes that portion of the receipts from the said sales tax that is now required by law to be paid into the Alabama Special Educational Trust Fund), and after there shall have been taken from the said residue amounts sufficient to meet all prior charges on the said residue including such amounts as may be necessary to pay at their respective maturities the principal of and interest on those of the following bonds that may be outstanding at the time of the delivery of the respective series of the bonds authorized herein: (1) those bonds issued by the State of Alabama under the 1957 Act; (2) those bonds issued by Alabama Education Authority under the 1959 Act; (3) those bonds issued by Alabama Public School and College Authority under any of the 1965 Act, the 1967 Act, or the 1969 Act; and

(e) To the extent and to the extent only that the revenues appropriated in the foregoing subsections (a), (b), (c), and (d) of this section may not be sufficient to pay at their respective maturities the principal of and interest on the bonds, the residue of the receipts from the excise tax known as the use tax levied in Article 11 of Chapter 20 of Title 51 of the Code of Alabama of 1940, as amended, after there shall have been taken from the said receipts the amount necessary to meet the expenses of the State Department of Revenue in collecting the said use tax (which residue constitutes that portion of the receipts from the said use tax that is now required by law to be paid into the Alabama Special Educational Trust Fund), and after there shall have been taken from the said residue such amounts as may be necessary to meet all prior charges on the said use tax including the amounts sufficient to pay at their respective maturities the principal of and interest on those outstanding bonds referred to in clauses (1), (2), and (3) of subsection (d) of this section.

The State Treasurer is authorized and directed to pay at their respective maturities the principal of and interest on the bonds out of the residue of the tax receipts herein appropriated and pledged for the benefit of the bonds, and he is authorized to set up and maintain appropriate records pertaining thereto.

All moneys hereby appropriated and pledged shall constitute a sinking fund for the purpose of paying the principal of

and the interest on the bonds. The state treasurer is directed to set up and maintain appropriate records pertaining thereto and to pay from the said fund the said principal and interest at the respective maturities thereof.

Section 6. Bonds to be Payable Solely Out of Revenues Appropriated; Authorization for Authority to Pledge Such Revenues for the Bonds. Bonds issued by the Authority shall not be general obligations of the Authority and shall be limited obligations payable solely out of the residue of the tax receipts appropriated and pledged in Section 5 of this Act. All bonds issued by the Authority pursuant to the provisions of this Act shall be solely and exclusively obligations of the Authority and shall not constitute or create an obligation or debt of the state. As security for the payment of the principal of and interest on the bonds, the Authority is hereby authorized and empowered to pledge for payment of the principal of and interest on the bonds the residue of the tax receipts that are appropriated and pledged in Section 4 hereof for payment of such principal and interest. All such pledges made by the Authority shall take precedence in the order of the adoption of the resolutions containing such pledges. All such pledges shall be prior and superior to pledges that may be made for any refunding bonds hereafter issued by Alabama Education Authority under the provisions of the 1959 Act or by the Authority under the provisions of the 1959 Act or by the Authority under the provisions of any of the 1965 Act, or the 1967 Act, or the 1969 Act, or any other Act heretofore enacted.

Section 7. Sale of Refunding Bonds. The Authority may from time to time sell and issue refunding bonds in amounts sufficient to refund the principal of any matured or unmatured bonds or refunding bonds then outstanding that were issued by the Authority under the provisions of this Act, or the 1965 Act, the 1967 Act, the 1969 Act, or any other Act previously enacted, or that were issued by Alabama Education Authority under the provisions of the 1959 Act, and to pay the expenses of such refunding and any premiums necessary to retire those so refunded. For the purpose of providing funds to enable the Authority to pay at their respective maturities the principal of and interest on the refunding bonds issued by it under this Act and to accomplish the purposes of this Act, there is hereby irrevocably pledged to such purpose, and hereby appropriated, such amount as may be necessary for such purpose of the residue of the receipts from the excise taxes appropriated and pledged in subsections (a), (b), (c) and (d) of Section 5 of this Act, but such pledge and appropriation shall be subject and subordinate to the pledge and appropriation made in the said Section 5 for payment of the principal of and interest on the bonds issued under the provisions of Section 2 of this Act. All other

provisions of this Act shall apply to the refunding bonds issued hereunder except (a) the limitation contained in Section 2 of this Act on the amount of bonds that may be issued under this Act, and (b) paragraphs (a) and (b) of Section 8 of this Act. All pledges made in this Act, and all pledges made by the Authority pursuant to the provisions of this Act, for the benefit of refunding bonds issued under this Act, and all such pledges for the benefit of any refunding bonds which may be issued under this Act shall take precedence in the order of the adoption of the resolutions authorizing the issuance of such refunding bonds.

Section 8. Use of Bond Proceeds. The proceeds derived from each sale of the bonds shall be deposited in the State Treasury and shall be carried in a separate fund therein for the account of the Authority, which shall pay therefrom the expenses of issuance thereof. The remaining proceeds derived from the sale of the bonds shall thereafter be distributed and paid over as follows:

(a) The proceeds from the sale of \$37,750,000 principal amount of the bonds remaining after payment of the expenses of issuance thereof shall be retained in a special fund in the state treasury and paid out from time to time on orders or warrants issued by or on the direction of the Authority for any one or more of the purposes specified in Section 2(a) of this act as may be deemed by the Authority to be most advantageous to the state, and shall be used solely for such purposes; provided, that the proceeds from the sale of \$37,750,000 principal amount of the bonds remaining after payment of the expense of issuance thereof shall be used as follows:

AN ACT

To amend further Code of Alabama 1940, Title 48, Section 52, so as to define the reasonable value of a public utility's property to be used as a rate base in fixing utility rates; and to repeal conflicting laws.

Be It Enacted by the Legislature of Alabama:

Section 1. Code of Alabama 1940, Title 48, Section 52, as amended, is further amended to read as follows:

Section 52. The rates and charges for the services rendered and required shall be reasonable and just to both the utility and the public. Every utility shall be entitled to such just and reasonable rates as will enable it at all times to fully perform its duties to the public and will, under honest, efficient and economical management, earn a fair net return on the reasonable value of its property devoted to the public service. For the purpose of fixing rates such reasonable value of a public utility's property shall be deemed to be the original cost thereof, less the accrued depreciation, as of the most recent date available, and the amount of the new investment to be added in the year immediately following the test period used in arriving at the value of such utility's property. In any determination of the commission as to what constitutes such a fair return, the

commission shall give due consideration, among other things, to the requirements of the business with respect to the utility under consideration, and the necessity, under honest, efficient and economical management of such utility, of enlarging plants, facilities and equipment of the utility under consideration, in order to provide that portion of the public served thereby with adequate service. Provided, however, where railroads are required to keep their accounts and records and do keep them in accordance with the requirements of any law of the United States or uniform system of accounts prescribed by the interstate commerce commission, the information therein reflected shall be sufficient, and they shall not be required to make any further or other separation of intrastate operations than is reflected and required by such federal law or uniform system of accounts prescribed by the interstate commerce commission, unless additional or more detailed information from the records of the company is deemed necessary and is ordered by the commission relating to intrastate commerce in Alabama.

Section 2. Title 48, Section 319 of the 1958 Recompiled Code of Alabama and all laws and parts of laws in conflict herewith are hereby repealed to the extent of the conflict.

Section 3. This Act shall take effect immediately upon its passage and approval by the Governor, or by its otherwise becoming a law.

to report such transaction and pay the sales tax thereon, based upon the reasonable and fair market price thereof at the time and place where same are used or consumed by him or it. Where the contractor is the manufacturer or compounder of ready-mix concrete or asphalt plant mix used in the performance of a contract, whether the ready-mix concrete or asphalt plant mix is manufactured or compounded at the job site or at a fixed or permanent plant location, the tax applies only to the cost of the ingredients that become a component part of the ready-mix concrete or the asphalt plant mix. The provisions of this subsection shall not apply to any tangible personal property which is specifically exempted from the tax levied in this article.

Within the time specified in such notice, but not more than sixty days from the date such notice is given, any person, firm or corporation having an interest in such building or structure may file a written request for a hearing before the city governing body, together with his objections to the finding by the appropriate city official that such building or structure is unsafe to the extent of becoming a public nuisance. The filing of such request shall hold in abeyance any action on the finding of such city official until determination thereon is made by such governing body. Upon holding such hearing, which hearing shall be held not less than ten nor more than sixty days after such request, or in the event no hearing is timely requested, the governing body, after the expiration of sixty days from the date such notice is given, shall determine whether or not such building or structure is unsafe to the extent that it is a public nuisance. Notice of such meeting of the governing body, and that such determination will be made thereat, shall be published one time in a newspaper of general circulation in such city, not less than ten days prior thereto. In the event that it is determined by such governing body that such building or structure is unsafe to the extent that it is a public nuisance, the governing body shall order such building or structure to be demolished. Such demolition may be accomplished by such city by the use of its own forces, or it may provide by contract for such demolition. Such city shall have authority to sell or otherwise dispose of salvaged materials resulting from such demolition.

Any person aggrieved by the decision of the governing body at such hearing may, within thirty days thereafter, appeal to the Circuit Court upon filing with the clerk of said court notice of said appeal and bond for security of costs in the form and amount to be approved by the Circuit Clerk. Upon filing of said notice of appeal and approval of the bond, the clerk of the court shall serve a copy of said notice of appeal on the city clerk and said appeal shall be docketed in said court, and shall be a preferred case therein. The city clerk shall, upon receiving such notice, file with the Circuit Clerk a copy of the findings and determination of the governing body in proceedings, and trial shall be held without jury upon the determination of the governing body that such building or structure is unsafe to the extent that it is a public nuisance.

Section 4. Upon demolition of such building or structure, the appropriate city official shall make report to the governing body of the cost thereof, and such governing body shall adopt a resolution fixing the costs which it finds were reasonably incurred in such demolition and assessing the same against the property; provided, however, the proceeds of any monies received from the sale of salvaged materials from said building

or structure shall be used or applied against the cost of the demolition; and provided, further, that any person, firm or corporation having an interest in said property may be heard at such meeting as to any objection he may have to the fixing of such costs or the amounts thereof. The city clerk of such city shall give not less than fifteen days notice of the meeting at which the fixing of such costs are to be considered by publication in a newspaper of general circulation in such city of a notice that the governing body of such city at such meeting will consider the fixing of such costs thereat. The fixing of said costs by the governing body shall constitute a special assessment against the lot or lots, parcel or parcels of land upon which the building or structure was located, and thus made and confirmed shall constitute a lien on said property for the amount of such assessment. Said lien shall be superior to all other liens on said property except liens for taxes, and shall continue in force until paid. The city clerk of the city shall mail a certified copy of the resolution by registered or certified mail to the person last assessing the property for taxes, and a certified copy of such resolution shall be published in the manner and as prescribed for the publication of municipal ordinances, and a certified copy of such resolution shall also be filed in the office of the Judge of Probate of the county in which such city is situated.

Section 5. The city shall have the power to assess the costs authorized herein against any lot or lots, parcel or parcels of land purchased by the State of Alabama at any sale for the nonpayment of taxes, and where any such assessment is made against such lot or lots, parcel or parcels of land, a subsequent redemption thereof by any person authorized to redeem, or sale thereof by the State, shall not operate to discharge, or in any manner affect the lien of such city for such assessment, but any redemptioner or purchaser at any sale by the State of any lot or lots, parcel or parcels of land upon which an assessment has been levied, whether prior to or subsequent to a sale to the State for the nonpayment of taxes, shall take the same subject to such assessment.

Section 6. Payment of any such assessment shall be made in the manner and as provided for the payment of municipal improvement assessments in the provisions of Title 37, Section 557, Code of Alabama 1940, as the same has heretofore or may hereafter be amended, and upon the property owner's failure to pay such assessment the officer designated by the city to collect such assessments shall proceed to collect the assessment as provided in the provisions of Title 37, Section 558-569, Code of Alabama 1940.

Section 7. This Act shall be cumulative in its nature, and in

addition to any and all power and authority which any such city may have under any other law.

Section 8. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional by a court of competent jurisdiction, such declaration shall not affect the part that remains.

Section 9. This Act shall become effective upon its passage and approval by the Governor, or its otherwise becoming a law.

AN ACT

To amend the title, Section 1 and 3 of Act No. 833, H. 1498, Regular Session 1961 (Acts 1961, p. 1229), as amended, which provides for a privilege or license tax upon the sale, distribution, delivery, or storage

of certain alcoholic beverages in certain counties classified on a population basis.

Be It Enacted by the Legislature of Alabama:

Section 1. The title of Act No. 833, H. 1498, Regular Session 1961 (Acts 1961, p. 1229), as amended, is hereby amended to read as follows:

"An act to levy a privilege or license tax upon the sale, distribution, delivery, storage, or taking out of storage of beer, lager beer, ale, porter, near beer, or similar fermented malt liquor in counties having populations of not less than 95,000 and not more than 115,000 according to the last or any subsequent federal census; to fix the rate or amount of such tax; to provide that such tax shall be paid to the probate judge and distributed by him; to prescribe the rate or basis of such division or distribution; to prescribe penalties and fix punishments for the violation of any of the provisions of said act, and to otherwise provide for the administration of said act."

Section 2. Section 1 of said Act No. 833, H. 1498, as amended to read as follows:

"Section 1. This act shall apply to any county having a population of not less than 95,000 and not more than 115,000 inhabitants according to the 1970 or any subsequent decennial census of the United States. This act shall not have the effect of altering or repealing in anywise any statute now in effect, but shall be in addition to and cumulative of all laws now in effect. This act shall not have the effect of legalizing the sale, distribution, delivery, storage, taking out of storage, or possession in said county of any beverage now or hereafter prohibited by law, but shall be operative only if and when the sale, distribution, delivery, storage, taking out of storage, or possession in the county of such beverages has been legalized."

Section 3. Section 3 of said Act No. 833, H. 1498, as amended, is hereby amended to read as follows:

"Section 3. (a) The tax levied by this Act shall be in addition to all other taxes and licenses now imposed by law. Every distributor or seller of malt or brewed beverages shall in addition to all other taxes and licenses now imposed by law, pay a license tax to the county, and a license tax is hereby fixed and created which shall be a sum and amount equal to one-fourth of one cent on each fluid ounce or fractional part thereof of malt or brewed beverages sold, distributed, delivered, stored, or taken out of storage within the county; provided, however, that where the additional license tax hereby required to be paid shall have been paid by a distributor or seller of malt or brewed beverages, such payment shall be sufficient, the intent being that such

license tax hereby required to be paid shall be paid but once on the same identical beverage.

“(b) The tax herein levied shall be paid through the use of stamps provided, furnished, and affixed in the manner hereinafter prescribed. Stamps in denominations to the amount of the tax shall be affixed to each individual bottle, can, or other container in which the malt or brewed beverages taxed by this Act are customarily sold at retail. All malt or brewed beverages as herein enumerated when offered for sale, either at wholesale or retail, in any county to which this Act applies, without having stamps affixed as hereinabove set out and cancelled as hereinafter prescribed shall be subject to confiscation in the manner prescribed in Section 4 of this Act. Every distributor or seller of malt or brewed beverages in a county in which this Act applies shall immediately after receipt of any malt or brewed beverages not bearing the county malt or brewed beverage tax stamps as hereinafter required, unless sooner offered for sale, cause the same to have the requisite denomination and amount of stamp or stamps to represent this tax affixed and cancelled by writing or stamping across the face of each stamp the number of the permit issued by the probate judge to such distributor or seller. Provided that any wholesale dealer or jobber who sells malt or brewed beverages for resale or reshipment into a county not subject to the provisions of this Act, if he furnishes a sufficient surety bond in a manner and of tenor and solvency satisfactory to the probate judge may set aside that part of his stock which is kept and will be used for the purpose of resale or reshipment into a county not subject to the provisions of this Act, without affixing the stamps required hereby.

“(c) The probate judges of all the counties to which this Act applies are hereby authorized and directed to have prepared, at the expense of the county, and to sell stamps suitable for denoting the tax due hereunder on all malt or brewed beverages sold, distributed, delivered, stored, or taken out of storage within the county. It shall be unlawful for any person other than the probate judge, or his duly authorized agent, to sell any official malt or brewed beverage tax stamps prescribed and prepared under this Act, not affixed to a bottle, can, or other container of malt or brewed beverages. When wholesale distributors or sellers of malt or brewed beverages who have qualified as such with the probate judge pursuant to subsection (e) of Section 8 of this Act purchase stamps for use on malt or brewed beverages taxable under this Act, the probate judge shall allow on such sales of malt or brewed beverage tax stamps a discount or ten per cent on the entire amount of the sale. Every distributor or seller purchasing stamps shall make a full and complete accounting to the probate judge of the county on or before the fifteenth day of each month for all stamps used on taxable malt

or brewed beverages during the preceding month. A copy of such accounting shall be filed with the license inspector of the county. The accounting shall be on forms prescribed by the probate judge and shall contain a written statement, sworn to and subscribed by such distributor or seller, showing: the name and address of such distributor or seller; each and every purchase, receipt or procurement of malt or brewed beverages made by such distributor or seller during the calendar month next preceding, together with the name and address of the distributor, seller, or other person from whom purchased, received, or procured, the brand of such malt or brewed beverages, the quantity of each brand of such malt or beverages, the size and kind of containers of each brand of such malt or brewed beverages, the date or dates on which purchased, received, or procured; and a detailed, itemized statement showing the name and address of each and every distributor, or seller, or other person to whom any malt or brewed beverages are sold, distributed or delivered by such distributor or seller, together with the quantity of each brand of malt or brewed beverages, sold, distributed, or delivered to each, the size and kind of containers of each brand of such malt or brewed beverages, and the date or dates on which sold, distributed or delivered. Every wholesale distributor or seller of malt or brewed beverages in any county in which this Act applies refusing or failing to comply with any provision of this subsection shall be guilty of a misdemeanor; and each day such default continues shall constitute a separate offense. He shall forfeit the commission or discount on stamps used which he failed or refused to account for within the prescribed time, and for such delinquency there shall be added to his license tax a penalty of twenty percentum of the amount thereof, which penalty shall be paid to the license inspector. This penalty shall be in addition to the penalty prescribed in Section 11 of this Act.

“(d) Any distributor or seller of malt or brewed beverages, selling, distributing, delivering, storing, or taking out of storage malt or brewed beverages purchased from any other distributor or seller of malt or brewed beverages who has paid the license tax levied therein in subsection (a) of this section shall not be required to pay such license; and tax stamps affixed to the individual bottle, can, or other container in which the malt or brewed beverages are bought, in the manner prescribed above, and duly cancelled, shall be prima facie evidence that such tax has been paid. However, in order to obtain such exemption such distributor or seller claiming such exemption must, on or before the fifteenth day of each and every calendar month, file with the probate judge of the county, a written statement, sworn to and subscribed by such distributor or seller, claiming exemption, showing the name and address of such distributor or seller, each

and every purchase, receipt or procurement of malt or brewed beverages made by such distributor or seller during the calendar month next preceding, together with the name and address of the distributor, seller, or other person from whom purchased, received, or procured, and the brand of such malt or brewed beverages, the quantity of each brand of such malt or brewed beverages, the size and kind of containers of each brand of such malt or brewed beverages, the date or dates on which purchased, received, or procured, and the disposition thereof by such distributor or seller claiming the exemption. Such statement shall be made in form prescribed by the probate judge."

Act No. 144 H. 130—Lutz, King, Hearn, Hale, Grainger

AN ACT

Relating to municipalities having a population of not less than 70,000 nor more than 300,000 according to the 1970 or any subsequent federal decennial census; providing for the election by popular vote of members of the city board of education, to prescribe their terms, qualifications and compensation, and to abolish existing boards of education in such cities.

Whereas, the Legislature of the State of Alabama finds that it is desirable for the boards of education in municipalities of the size mentioned in the caption of this bill to be elected, and

further finds that there is a unique situation in such municipalities with respect to their boards of education, in that in smaller cities there would likely be a shortage of qualified individuals willing to seek the office of member of the board of education, and in larger cities it would be difficult for the electorate to know all the candidates who might seek the office, now, therefore,

Be It Enacted by the Legislature of Alabama:

Section 1. (a) Boards of education in all cities having populations of not less than 70,000 nor more than 300,000 according to the 1970 or any subsequent federal decennial census are hereby abolished, effective at midnight on the last Tuesday in September in the year 1972, and replaced with the boards of education as herein provided for. Said boards shall have all the powers, duties, rights and immunities otherwise provided by law for city boards of education in the State of Alabama. (b) The members of the board of education of all cities having populations of not less than 70,000 nor more than 300,000 according to the 1970 or any subsequent federal decennial census shall be elected in the year 1972 and every four years thereafter. The boards of education of such cities shall consist of five places, and such places shall be designated and numbered as follows, to-wit:

Member, Board of Education, Place No. 1;

Member, Board of Education, Place No. 2;

Member, Board of Education, Place No. 3;

Member, Board of Education, Place No. 4;

Member, Board of Education, Place No. 5.

A person seeking election and qualifying as a candidate for election as a member of said board shall designate by number the place on such board for which he is a candidate, and it shall be so stated on the ballot. (c) All members of the boards of education herein provided for shall be elected from the city at large, and no person shall be a candidate or be permitted to file his statement of candidacy for more than one of such places. No ballot shall be counted for any candidate except for the place or number for which he announced in his statement of candidacy. The city governing body shall provide for the holding of elections authorized herein and for the payment of the expenses of such elections. (d) Members of the boards of education of cities covered by this act shall be elected on the first Tuesday next after Labor Day in the year 1972. Any candidate who receives a majority of all votes cast for all candidates seeking election to the position for which he is a candidate shall be declared elected

to that position. In the event no candidate receives a majority of all of the votes cast for any one or more positions on the board of education, the governing body of the city shall order a second or run-off election to be held on the last Tuesday in September following, at which election the two candidates receiving the most votes for the office in the first election shall be the candidates, and the person receiving the highest number of votes in the second or run-off election shall be declared elected. In the event of a tie vote between the candidates in such run-off election, the then serving governing body of the city shall immediately decide the election by majority vote. (e) The method and dates for qualifying as a candidate for city boards of education provided for hereunder and the conduct of elections hereunder shall be the same as other municipal elections in the same cities, except that each candidate shall pay a qualifying fee of \$50.00. (f) Members of boards of education elected hereunder shall take office on the last Wednesday in September in the year of their election. (g) Candidates for boards of education shall be qualified electors in the city in which they seek election and shall in no way be subject to the authority of the board. (h) In the event of a vacancy in the membership of a board of education subject to the provisions of this act the city council or commission shall, by majority vote, elect a person to fill such vacancy for the unexpired term.

Section 2. Each member of the board of education elected under the provisions of this act shall receive compensation of \$100.00 per month paid from the city school fund in the manner provided for paying compensation out of such school funds.

Section 3. Except as herein provided the board of education of all cities hereby affected shall in all respects be governed by the general law relative to city boards of education.

Section 4. This act shall not apply to any municipality in a county in which there is only one board of education.

Section 5. The substantive provisions of this act shall not become effective in any city unless it is first approved by a majority of the qualified electors of that city who vote in a referendum election held for that purpose. Such referendum election shall be held in the following manner: The city council or commission must call an election to determine the sentiment of the voters as to whether or not the board of education of the city shall be elected in the manner provided in this act. Said election shall be held and the officers appointed to hold the same shall be appointed in the manner provided by law for holding other municipal elections, and the returns thereof shall be tabulated and the results certified as provided by law for such elections. The election shall be held on the date of the first

primary, general or special election held after the passage of this act, and notice thereof shall be given by the city clerk by publication at least three weeks before the date of the election, in a newspaper published in the city. The cost of the election, including the cost of publishing notices thereof, shall be paid out of the general funds of the city. On the ballots to be used in such election the question shall be in the following form: "Do you favor the election of the board of education of the city of _____ as provided in Act No. _____ of the 1971 Special Session? Yes () No ()." Only qualified voters of the city shall vote in said election. If a majority of the voters voting in the election vote "Yes", this act shall thereafter be effective in the city holding the referendum; however, if a majority of the voters voting in said election vote "No", this act shall have no further force and effect in such city. The Probate Judge of the county in which such election is held shall certify the results of the referendum to the Secretary of State within thirty days after the determination thereof.

Section 6. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 7. All laws or parts of laws which conflict with this act are repealed.

Section 8. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

HOUSE JOINT RESOLUTION

IN ACCEPTANCE OF A FLAG PRESENTED BY THE LADIES MEMORIAL ASSOCIATION AND THE UNITED DAUGHTERS OF THE CONFEDERACY; CONSIGNING THE SESQUI-CENTENNIAL FLAG TO THE DEPARTMENT OF ARCHIVES AND HISTORY.

WHEREAS the Alabama Flag which now graces the Hall of the House of Representatives is the flag which commemorates the recent Sesqui-Centennial Anniversary of this great State; and

WHEREAS it is now the desire of the people of this State to present this Sesqui-Centennial flag to the Department of Archives and History and to Mr. Milo Howard as director of that department, and to replace the same with a flag which is an emblem of far greater significance and historic value to Alabama; and

WHEREAS Prior to the secession of Alabama from the Union, this State had always used the United States flag on formal occasions, but when the Secession Convention met in Montgomery and voted January 11, 1861 to withdraw from the Union, a flag made by the ladies of Montgomery was presented at the request of the donors by Mr. William Lowndes Yancey, leader of the Secession movement, at which time he delivered an eloquent address describing the beautiful symbolism incorporated in this flag; and

WHEREAS after resolutions had been introduced accepting the flag and expressing appreciation for it, but before the adoption of such resolutions Mr. William R. Smith of Tuscaloosa, an opponent of Secession, got the floor and delivered a fiery and patriotic speech expressing his surprise at the flag's presentation; and

WHEREAS Mr. Smith with much impassionment recounted the glories that had been achieved under the glittering folds of the Star Spangled Banner and noted the gallant soldiers that had been therein enshrouded, yet he was overwhelmed with the gorgeous scene displayed upon the unfurling of the flag presented by the ladies of Montgomery; and

WHEREAS even this ardent opponent of Secession was impelled to say, "Presented by the daughters of Alabama! The history of the world teaches, that in times of trouble and danger to her country, woman is always in the van. Her heroism is reserved for revolutions . . . What wonder then that now, in these stirring times, when 'grim-visaged war' wrinkles the brow of Peace—what wonder that the daughters of Alabama should thus endeavor to impart to our veins the burning currents of their enthusiasm! What wonder that they should strive, by these graceful devices of female ingenuity, to lift us up to the height of their own hallowed inspiration!"

"We accept this flag; and though it glows with but a single star, may that star increase in magnitude and brilliancy, until it outrivals the historic glories of the Star Spangled Banner"; and

WHEREAS this glorious flag which once flew above our Capitol dome was years later located in 1929 by Miss Fannie Hails of the Alabama Department of Archives and History in the Iowa Historical Memorial and Art Department where it was labeled "captured Confederate battleflag" and where records indicate it was taken by Wilson's Raiders near the end of the war, and although it was not actually returned to Alabama until 1938 after repeated and sustained efforts to obtain its release; and

WHEREAS the Ladies Memorial Association and the United Daughters of the Confederacy in Montgomery, on behalf of the ladies of Alabama, have graciously donated to Alabama a replica of the beautiful flag which was presented to the Alabama Secession Convention; now therefore

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That we accept with grateful appreciation, the most beautiful flag which

the Ladies Memorial Association and the United Daughters of the Confederacy in Montgomery have donated on behalf of the ladies of Alabama, and assure them that it will always be treasured as a symbol of their loyalty to this State.

BE IT FURTHER RESOLVED that the Sesqui-Centennial flag which now stands in the Hall of Representatives be presented to and consigned for safe keeping in the Alabama Archives and History Department.

BE IT FURTHER RESOLVED That copies of this resolution be sent to the Ladies Memorial Association and the United Daughters of the Confederacy in Montgomery and to Mrs. John K. Rose, past president of the Cradle of the Confederacy Chapter, U. D. C., past president of the Alabama Division of the U. D. C., and past president of the Ladies Memorial Association.

In the event that, after any of the Bonds or interest coupons thereunto appertaining shall be signed by any officer of the Authority, whether manually or by facsimile, any such officer shall for any reason vacate his said office, the Bonds and interest coupons so signed may nevertheless be delivered at any time thereafter as the act and deed of the Authority.

(e) To retain as its expenses for collecting such fees and charges from the users of such system or disposal facilities or Project a charge not exceeding five per cent of the total collected therefrom; to delegate the collection of such fees and charges to any agency which collects sewer or water service charges in the Local Public Body and to pay as compensation for the services to such agency all or any part of such five per cent;

All Bonds, notes and certificates issued by the Authority shall be solely and exclusively obligations of the Authority, payable solely from the revenues, income, fees, charges or rent which may pursuant to the provisions of this Act, be pledged to the payment thereof, and no such Bonds, notes or certificates shall create an obligation or debt of the State. Any action or proceeding in any court seeking to set aside or invalidate any Authorizing Resolution or to contest the validity of any Bonds therein authorized, or the validity of any pledge or agreement made therefor, must be commenced within 20 days after the first publication of such notice. After the expiration of 20 days following such first publication, no right of action or defense founded upon the lack of validity of the Authorizing Resolution, indenture of trust therein provided for or other proceedings, or of the Bonds or of the pledges or agreements shall be asserted. In the event of such publication the validity of such Authorizing Resolution, indenture of trust, proceedings, Bonds, pledges or agreements shall not be open to question in any court upon any ground whatsoever, except in an action or proceeding commenced within such period. Any such action and any action to protect or enforce any rights under the provisions of this Act shall be brought in the Circuit Court of Montgomery County, Alabama.

Section 23. Dissolution of the Authority. AN ACT

To amend further Act No. 106, H. B. 150, Regular Session 1959, an act creating the State Licensing Board for the Healing Arts.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 7 of Act No. 106, H. B. 150, Regular Session 1959, an act creating the State Licensing Board for the Healing Arts (Acts 1959, v. 1, p. 592), as amended, is amended further to read as follows:

"Section 7. Application for license on certificate of qualification.—When any applicant for a license to practice the healing arts, as defined herein, or any branch thereof, has complied fully with all the requirements of the law regulating the practice of any specified branch of the healing arts, including all requirements of the basic science law, if the same are applicable by law to such branch of the healing arts, unless such applicant is exempt from said basic science law, the board in that particular branch of the healing arts shall issue a certificate of qualification to the state licensing board for the healing arts, certifying the qualification of such person as provided in Section 3, and thereafter such applicant may apply to the state licensing board for the healing arts for a license to practice the particular branch of the healing arts for which such certificate indicates his qualification. If the board finds that the applicant is of good moral character, and has been duly certified by a branch board as provided in Section 3 hereof, the board shall issue to such applicant a license unless it appears to the board that there is other good and reasonable cause for refusing to issue such license, it being the purpose and intent of this act to give the state licensing board for the healing arts an over all supervision, discretion and judgment with respect to the issuance of licenses authorizing the licensee to practice the healing arts or any branch thereof within the State of Alabama. The state licensing board for the healing arts shall have the power, and it shall be its duty, to inspect and determine for itself, and in the interest of the state, that each and every certificate of qualification issued by any board authorized by law to receive applications, conduct examinations and make preliminary determination of the qualification of any applicant for a license to practice the healing arts, or any branch thereof, was lawfully issued by such board and truly and correctly certifies all the facts therein contained.

"Each application for a license filed with the state licensing board for the healing arts shall be on forms prescribed by said board, and shall be accompanied by a fee of fifteen dollars (\$15.00)."

Section 2. Section 9 of said Act No. 106 of 1959 is amended to read as follows:

"Section 9. Denial of License—Refund of Application fee.—In the event the State Licensing Board for the Healing Arts

determines that the application of any person for a license should be denied, the board shall promptly, upon reaching its decision, notify the applicant of its action, and such notice shall contain the reason for the board's denial of the application. In all cases where an application is denied, the board is empowered to decide if the fee of fifteen dollars (\$15.00) which accompanied the application for license should be refunded, and no applicant shall have the right to recover any part of such fee accompanying his application for license, the board being empowered to retain all of said fee in order to reimburse the state for expenses incident to an investigation of the applicant and the credentials certified to the State Licensing Board for the Healing Arts."

Section 3. Section 11 of said Act No. 106 of 1959 is amended to read as follows:

"Section 11. Application for Annual Registration.—Every person licensed to practice any branch of the healing arts in the State of Alabama shall on or before the 31st day of December of each succeeding year apply to the board for a certificate of registration which shall be effective during the next calendar year. All new licenses issued by the State Licensing Board for the Healing Arts, upon application and payment of the registration fee hereafter provided, shall be registered by the board at the time of issuance and a certificate of registration, which shall be effective until and including the following December 31st, shall be issued to the licensee. Each application shall be made on a form to be furnished by the board. Such application shall give the applicant's name in full, his address, the date and number of the license issued to such applicant for the practice of the healing arts or any branch thereof, and such other facts as shall tend to identify the applicant for registration and his license as the board shall deem necessary. Each applicant for registration shall submit with his application a check or cash in the amount of ten dollars (\$10.00) as a registration fee; provided, that the registration fee for a period of less than six (6) months shall be five dollars (\$5.00). When any licensee shall fail to register and pay the annual registration fee within thirty (30) days after registration become due, as provided in this section, the license of such person shall be automatically revoked without further notice or hearing; provided, that any person whose license is automatically revoked as provided herein may make application in writing to the State Licensing Board for the Healing Arts for the reinstatement of such license and the board shall reinstate such license upon the payment of all past due renewal fees, and upon the further payment of the sum of twenty dollars (\$20.00)."

Section 4. This Act shall take effect immediately upon its enactment.

Section 6. SERVICE RETIREMENT BENEFITS.

(3) Any employee-member who has attained the age of sixty (60) on his last birthday, and has served or accumulated a total of fifteen (15) years creditable service, may retire voluntarily for reasons of his own. Upon retirement under the provisions of this section, such employee shall receive as a retirement allowance the rest of his life, a sum payable from the Retirement Fund equal to the number of years creditable service accumulated multiplied by fifty percent (50%) of his highest average annual salary for any previous consecutive five (5) years and divided by twenty-five (25), payable in monthly installments.

Any employee-member who has reached the age of sixty-eight (68) years, and has accumulated at least ten years creditable service shall be retired forthwith, and upon proper application shall receive for the rest of his life as a retirement allowance a sum payable from the Retirement Fund amounting to the number of years of creditable service accumulated, multiplied by fifty percent (50%) of his highest average annual salary for any previous consecutive five (5) years and divided by twenty-five (25), payable in monthly installments.

(4) Disability Retirement. Any employee-member who has served or accumulated as much as ten (10) years creditable service, may be retired on a disability retirement allowance, provided that a Medical Board, to be composed of the County Health Officer and two (2) other practicing medical doctors designated by the President of the Houston County Medical Association, after an examination of such employee, shall certify that such member is mentally or physically incapacitated for further performance of duty, that such incapacity is likely to be permanent and that such member should be retired. Upon retirement for disability, such employee-member shall receive as a retirement allowance for the rest of his life, unless such amount shall be modified or changed by proper action as hereinafter provided for, a sum payable from the Retirement Fund amounting to fifty percent (50%) of his highest average annual salary for any previous consecutive five (5) years multiplied by the number of years creditable service limited to a maximum of twenty (20), and divided by twenty (20), payable in monthly installments.

(5) Any member who, as a result of his employment, in line of duty or while discharging his duties, or in the performance of his duties, or as a result of hazardous assignment, and not the result of his own misconduct, shall become permanently and totally disabled to the extent that he cannot perform properly his former duties of employment or duties of a less strenuous nature, as an employee of the City of Dothan, shall be retired, which action shall be initiated by the head of his department, and shall receive the same retirement allowance as if he had served as an employee for twenty (20) years and become totally disabled as provided in Section 6 (4) hereof. Provided, however, that such retired member shall submit to medical examinations hereinafter required. In the event an employee retired under this section shall be found mentally and physically capable of performing duties of a less strenuous nature, then such employee may, upon the concurrence of the Pension Board and the Governing Body, be employed in such capacity at the prevailing salary for such work as is provided by the City of Dothan Civil Service System. Upon the return to employment from retirement under this section, the period of retirement, together with all prior services shall be credited to such employee, in the ultimate attainment of full retirement or such portion thereof as may be earned under the provisions of this Act. Any such employee who returns to work or continues his employment in work of a less strenuous nature at a reduced rate of pay may be ultimately retired on the basis of his highest five (5) years average salary, provided he shall, while employed at such reduced rate of pay, continue to pay to the System by payroll deduction five percent (5%) of the high-

Should any member drawing disability retirement allowance who has not attained the age of sixty (60) refuse to submit to such medical examination, his allowance will be discontinued until such member submits to an examination, and should his refusal continue for one (1) year, all his right in and to his pension may be revoked by the Pension Board. Should the Medical Board report and certify to the Pension Board that a member retired on disability is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and his average final compensation and should the Pension Board concur in such report, then the amount of his pension shall be reduced to an amount which, together with his annuity and the amount earnable by him, shall equal the amount of his highest average final compensation for the consecutive five (5) years of his or her employment with the City. Should his earning capacity be later changed, the amount of his pension may be further modified; provided, that the new pension shall not exceed the amount of the pension originally granted, nor an amount which, when added to the amount earnable by the beneficiary together with his annuity, exceeds the amount of his highest average final compensation for any previous consecutive five (5) years of his or her employment with the City.

Section 7. DEATH OF RETIRED EMPLOYEE. In the event any retired employee dies before having received as retirement allowances, a sum equal to his annuity payroll deductions, and the like amount deposited to his credit by the City in the Pension Accumulation Fund, the balance of this sum shall be paid to his properly designated beneficiary in a lump sum payment.

Be It Enacted by the Legislature of Alabama:

Section 1. This act shall apply only in the twenty-seventh judicial circuit. In any case triable by a jury in the circuit courts of the twenty-seventh judicial circuit, the court may in its discretion order the selection of one or two alternate jurors for the trial of the case, but may order an alternate juror to take the place of a principal juror only when the principal juror is excused by the court in the exercise of its sound discretion, before the retirement of the jury to consider its verdict, by reason of some mental or physical ailment in such principal juror, or his confrontation with some emergency rendering him unable to perform his duties satisfactorily.

Section 2. When only one alternate juror is to be selected, the parties shall be entitled to strike from a list containing the names of at least three competent jurors in addition to the minimum number specified by law, as the case may require, and shall be required to strike alternately, as provided by law, until thirteen names remain on the list; and thereupon, the court shall select by lot one name from such thirteen names, and the juror whose name is thus selected shall be the alternate juror. The remaining twelve shall be the principal jurors.

If the court orders the selection of two alternate jurors, the parties shall be entitled to strike from a list containing the names of at least six competent jurors in addition to the minimum number specified by law, as the case may require, and shall be required to strike alternately, as provided by law, until fourteen names remain on the list; and thereupon, the court shall select by lot two names from such fourteen names, the first one selected to be designated as alternate juror number

one and the other as alternate juror number two. The remaining twelve shall be the principal jurors.

If two alternate jurors are selected, but only one of them is able to perform the duties of a juror satisfactorily, then such alternate shall be ordered to take the place of any member of the jury who is excused from further service. An alternate juror who is able to perform satisfactorily the duties of a juror may be ordered to take the place of a juror who himself was originally an alternate juror, under the same conditions as he might have been ordered to take the place of one of the twelve principal jurors.

Section 4. Alternate jurors shall obey all orders and admonitions of the court. If the principal jurors are ordered to be kept in the custody of an officer or officers during the trial, such alternate jurors shall also be kept in custody with the regular jurors. All alternate jurors shall be seated near the principal jurors with equal facilities for observing the proceedings in the trial, and shall attend the trial at all times in company with the principal jurors. (b) The total amount of benefits to which he may otherwise be entitled as determined in accordance with section 209 of this title shall be reduced by an amount equal to not less than one nor more than 10 times his weekly benefit amount.

(c) For the purposes of the experience rating provisions of section 204 of this title no portion of the wages paid to him for the period of employment ending with the separation to which the disqualification applies shall be determined to be employee's or employer's benefits wages."

(3) Provided further he shall not be disqualified if he left his employment and immediately returned to work with his regular employer or to employment in which he had prior existing statutory or contractual seniority or recall rights. When this exception is applied, wages paid for that period of employment immediately preceding the separation to which the exception is applied which have not been heretofore determined to be benefit wages, shall not be determined to be employer's or employee's benefit wages for the purpose of the experience rating provisions of section 204 of this title.

(b) He shall not thereafter be entitled to any benefits under this chapter on account of wages paid for the period of employment by the employer by whom he was employed when the disqualifying event occurred.

(2) If he was discharged for actual or threatened deliberate misconduct committed in connection with his work (other than acts mentioned in paragraph (1) of this subsection) after repeated warning to the individual. When an individual is disqualified under this paragraph the effects shall be the same as provided in paragraph (2) of subsection B of this section.

(3) If he was discharged for misconduct connected with his work (other than acts mentioned in paragraphs (1) and (2) of this subsection) —

(a) He shall be disqualified from receipt of benefits for the week in which he was discharged and for not less than the two nor more than the six next following weeks as determined by the director in each case according to the seriousness of the conduct.

(b) The total amount of benefits to which he may otherwise be entitled as determined in accordance with section 209 of this title shall be reduced by an amount equal to the product of the number of weeks for which he shall be disqualified multiplied by his weekly benefit amount.

(c) Only one-half of the wages paid to him for that period of employment immediately preceding the separation to which the disqualification applies shall be determined to be employer's benefit wages for the purposes of the experience rating provisions of section 204 of this title.

(4) If he has been suspended as a disciplinary measure connected with his work, or for misconduct connected with his work, he shall be disqualified from benefits for the week or weeks (not to exceed four weeks) in which or for which he is so suspended and the total amount of benefits to which he may otherwise be entitled shall be reduced in the same manner and to the same extent as provided in subparagraph (b) of paragraph (3) of this subsection."

tomary self-employment when so directed by the director or when he is notified of suitable work or it is offered him through a state employment office or the United States Employment Service, or directly or by written notice or offer to any such employment office or employment service by an employer by whom the individual was formerly employed. Such disqualification shall be for a period of not less than one nor more than ten weeks from the date of said failure.

This disqualification shall not apply unless the individual has an established benefit year, or is seeking to establish one or is seeking extended benefits at the time he fails without good cause, to do any of the acts set out in this subsection.

(1) In determining whether or not any work is suitable for an individual, the director shall consider the degree of risk involved to his health, safety, and morals, his physical fitness, and prior training, his experience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence; provided that no work or employment shall be deemed unsuitable because of its distance from the individual's residence, if such work or employment is in the same or substantially the same locality as was his last previous regular place of employment and if the employee left such voluntarily without good cause connected with such employment.

(2) Notwithstanding any other provisions of this chapter, no work shall be deemed suitable and benefits shall not be denied under this chapter to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(a) If the position offered is vacant due directly to a strike, lockout, or other labor dispute;

(b) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(c) If as a condition of being employed the individual would be required to join a company union, or to resign from or refrain from joining any bona fide labor organization.

(3) Notwithstanding any other provisions of this section, benefits shall not be denied an individual, by reason of the application of the provisions of this subsection, with respect to any week in which he is in training with the approval of the director as described in subsection 213 C."

Section 10. The present Subsection L of Section 214, Title 26, Chapter 4, Code of Alabama 1940, as last amended, is hereby repealed and the following substituted therefor to read:

Be It Enacted by the Legislature of Alabama:

Section 1. Definitions. The following words, terms and phrases used in this Act, and others evidently intended as the equivalent thereof, shall, in the absence of clear implication herein otherwise, be given the following respective interpretations herein:

"Exceptional children" means persons between the ages of six and twenty-one years who have been certified under regulations of the State Board of Education by a specialist as being unsuited for enrollment in regular classes of the public schools or who is unable to be educated or trained adequately in such regular programs including, but not limited to: the mildly and

moderately to severely retarded, but not including the profoundly retarded; the speech impaired; the deaf and hearing impaired; the blind and vision impaired; the crippled and those having other physical handicaps not otherwise specifically mentioned herein; the emotionally conflicted; the socially maladjusted; those with special learning disabilities; the multiply handicapped; and the intellectually gifted.

"Placement Committee" means a committee so designated and appointed by the superintendent for determining the eligibility of exceptional children for placement in special school programs or classes, which committee shall be composed of representatives from the fields of medicine, education and psychology whenever practicable. Said committee, after study of all data available on each exceptional child, shall make recommendations concerning each child's admission to a school program or class or withdrawal therefrom.

"Retarded" means having subaverage general intellectual functioning which (1) either originates during the developmental period or results from brain damage caused by disease or physical injury occurring subsequent to the developmental period, and (2) is associated with impairment in adaptive behavior.

"School board" means a county, municipal or other board of education in the State of Alabama and the school district associated therewith.

"Specialist" means a physician, psychologist, psychometrist or other professional personnel qualified pursuant to regulations established hereunder by the State Board of Education to examine children for the purpose of determining whether they are exceptional children.

"Special services" means services relating to instruction of exceptional children (but not including the instruction itself) including, but not limited to: administrative services; transportation; diagnostic and evaluation services; social services; physical and occupational therapy; job placement; orientation and mobility training; brailist services and materials; typists and readers for the blind; special materials and equipment; and such other similar personnel, services, materials and equipment as may from time to time be approved by regulations adopted hereunder by the State Board of Education.

"Superintendent" means the superintendent of a school board.

Section 2. Use of Phrases. The following provisions shall be applied wherever appropriate herein:

"Herein," "hereby" "hereunder," "hereof," and other similar words of reference shall refer to this Act as an entirety and not solely to the particular section or portion thereof in which any such word is used.

The definitions set forth in Section 1 hereof shall be deemed applicable whether the words defined are used in the singular or plural.

Section 3. Education Required for Exceptional Children. Each school board shall provide not less than twelve consecutive years of appropriate instruction and special services for exceptional children, beginning with those six years of age, in accordance with the provisions of this Act. Such public school instruction and special services shall be made available at public expense for each school year to exceptional children as provided herein. The funds for such instruction and special services shall be derived from state, county, municipal, district, federal or other sources or combinations of sources. Each school board shall set aside from its revenues from all such sources such amounts as are needed to carry out the provisions of this Act, if such funds are available without impairment of regular classes and services provided for non-exceptional children. If sufficient funds are not available to a school board to provide fully for all the provisions of this Act as well as the educational needs of non-exceptional children, such board must prorate all funds on a per capita basis between exceptional and non-exceptional children. No matriculation or tuition fees or other fees or charges shall be required or asked of exceptional children or their parents or guardians, except such fees or charges as may be charged uniformly of all public school pupils.

Section 4. Implementation of Program. Within one hundred twenty (120) days after the effective date of this Act, each school board in the State of Alabama shall take a careful and thorough survey of persons who (if thereafter certified by a specialist) would probably qualify as exceptional children residing in its school district, which survey shall show the name, age, sex and type of exceptionality of each exceptional child found by it. All such data descriptive of an individual person (as contrasted with compilations made therefrom which do not reveal information about specific individuals) shall be maintained in strict confidence and shall not be made available to anyone except to the survey-takers (in connection with those individuals who are reported by them), the appropriate superintendent and his staff, the appropriate school principal, the individual child's parent or guardian, and such other persons as may be designated in regulations adopted by the State Board of Education and under such conditions as may be provided therein. Within one hundred twenty (120) days after the completion

of said census, each school board in the State of Alabama shall prepare and adopt an incremental five year plan commencing with the school year beginning in September 1972 for the implementation of appropriate instruction and special services for exceptional children residing in its school district, including a reasonable procedure for obtaining certifications of exceptional children by a specialist. Such plan shall upon its preparation and adoption be submitted to the State Board of Education for its review and approval or disapproval in accordance with regulations promulgated hereunder by the the State Board of Education. If approved by the State Board of Education, such plan shall be binding upon the school board submitting it and shall be adhered to unless subsequent modifications of said plan shall thereafter be approved by the State Board of Education, in which case such modified plan shall be adhered to. If the State Board of Education shall disapprove a plan submitted by a school board, representatives of the State School Board shall consult and advise with said school board in an effort to formulate a plan which can be approved, provided, however, that disapproval of a plan or any amendments thereto shall be only because of failure of the plan to meet minimum standards set out in regulations of the State board adopted in accordance with Section 5 of this Act, and any such disapproval must specify in detail the reasons for such disapproval. If no such plan can be agreed upon, the State Board of Education shall provide a plan which shall be adhered to unless the school board shall within thirty (30) days thereafter file a suit in the circuit court of Montgomery County, Alabama, in equity, to restrain the enforcement of such plan on the ground that it is arbitrary, impracticable, detrimental to the education of exceptional children, or invalid. Only the said court specified above shall have jurisdiction of such suits and all such suits shall be given a preferred setting.

Section 5. Responsibilities of State Board of Education. The State Board of Education shall adopt as soon as may be practicable after the effective date of this Act (but not in any event later than 120 days after said effective date) regulations covering: (a) the qualifications of specialists for each type of exceptionality and standards for certification of exceptional children; (b) minimum standards of instruction and special services to be provided for each type of exceptionality at each age or grade level; (c) reasonable qualifications for teachers, instructors, therapists and other personnel needed to work with exceptional children; (d) guidelines for suitable five-year incremental plans for implementation of the program set forth in this Act for various types of typical situations likely to be encountered by school boards in the State of Alabama; and (e) such other rules and regulations as may be necessary or appropriate

for carrying out the purposes of this Act. Said regulations may be amended from time to time, said amended regulations to be effective ninety (90) days after written notice of said amendments has been transmitted to each school board in the State of Alabama. The State Board of Education shall receive, review and approve or disapprove plans submitted by school boards hereunder, and shall consult and advise with school boards whose plans are disapproved, provided, however, that disapproval of a plan or any amendments thereto shall be only because of failure of the plan to meet minimum standards set out in regulations of the State board adopted in accordance with Section 5 of this Act, and any such disapproval must specify in detail the reasons for such disapproval. If an approval cannot be worked out satisfactorily, the State Board of Education shall provide a plan which shall be binding on the school board unless its enforcement is restrained as provided in Section 4 above. The State Board of Education shall have the primary responsibility for enforcing compliance with such plans and with compliance of school boards with its regulations and the requirements of this Act. If any local board fails or refuses to implement the plan provided for under this Act, the Attorney General shall upon request of the State Board of Education, or upon the request of any private citizen, bring civil injunctive suits to enforce the implementation of such plan. If the State Board fails or refuses to carry out any duties required of it by this Act, the Attorney General shall upon the request of any private citizen, bring civil suits in Montgomery County to require that such duties be performed.

Section 6. School Board Plans. During the fifth year of implementation of the incremental five-year plan referred to above, each school board shall submit a long-range plan for providing appropriate instruction and special services for exceptional children and shall submit said long-range plan to the State Board of Education for its review and approval or disapproval. Such plan, unless thereafter modified with approval of the State Board of Education, shall be adhered to by the school board. Said long-range plans (and all modifications thereof) shall be resubmitted to the State Board of Education for its review and approval or disapproval at such intervals as may be established by the said State Board in regulations but not in any event less often than once every seven years or more often than once every two years. Provided, however, that disapproval of a plan or any amendments thereto shall be only because of failure of the plan to meet minimum standards set out in regulations of the State board adopted in accordance with Section 5 of this Act, and any such disapproval must specify in detail the reasons for such disapproval. The procedure for approving, disapproving, establishing and enforcing such long-range plans

shall be the same as that set forth hereinabove for the incremental five-year plans and the long-range plans shall include such provisions as may be appropriate for the following:

(1) Establishment of special education classes, instruction, curricula, facilities, equipment and special services;

(2) Utilization of teachers and other personnel;

(3) Attendance requirements for exceptional children;

(4) Services for exceptional children whose condition will not permit them to profit or benefit from any kind of school program, such as day care, recreation programs and other services and facilities; and

(5) Payment of tuition and other costs for attendance at appropriate semi-public or private schools or institutions which may be able to provide appropriate services for all or some exceptional children in comparison with that which can be provided through the school system, such as, for example: Children's Center of Montgomery; and Opportunity Center School in Birmingham. Such payment per exceptional child shall not exceed the average per pupil appropriation for all exceptional children in the school district, including allowances for teacher units, transportation and all other aid for exceptional children. Such payment shall, however, be limited to the extent that the child's needs cannot be met in the schools and further limited to private institutions which are approved or accredited for such training by the State Board of Education. Institutions which have not met minimal standards as may be prescribed by the State Board of Education shall not be eligible by direct or indirect means to receive state funds. No funds shall be expended for training in any school or institution outside the State of Alabama.

Section 6 (6). The enrollment of exceptional children at appropriate state institutions for such children, which enrollment shall relieve the school board from any further responsibility for any such child during the period of such enrollment.

Section 7. Teacher Units. (a) For each group of eight or more exceptional children not exceeding fifteen to be taught by a properly qualified full-time teacher as a special class or taught individually as homebound or hospitalized children unable to attend school for the major portion of a year, one teacher unit shall be allowed. The minimum number of pupils required for such unit may be reduced to not less than five, as authorized by regulations of the State Board of Education for special situations where the instruction of a larger number would not be feasible or practicable. One fifth of a unit may be authorized

for each exceptional child taught in communities where fewer than five exceptional children are in need of special instruction as determined by the school board.

(b) For each properly qualified member of the instructional staff devoting full time to the instruction or improvement of exceptional children from regular or special school programs as prescribed by regulations of the State Board of Education, one teacher unit shall be allowed.

(c) When exceptional children are unable to attend school because they are homebound or hospitalized, instructional services may be provided by a duly qualified teacher or teachers, and one teacher unit shall be allowed for each nine hundred instruction hours and a proportionate part of one unit shall be allowed for less than nine hundred instruction hours.

(d) Upon the conclusion of the initial five-year plan period provided for in this Act, the State School Board shall allocate teacher units by the method provided for in this Section 7 to each public state institution which provides residential care for exceptional children, such as, for example: Alabama Institute for Deaf and Blind; Alabama State Training School for Girls; Alabama Boys Industrial School at Mt. Meigs; Alabama Boys Industrial School at Birmingham; to the extent that appropriations for such teacher units are not otherwise provided for by law.

Section 8. General Provisions. No child shall be given special services under the terms of this Act as an exceptional child until he is properly classified as an exceptional child. Provided, however, the child's parent or guardian shall be informed of the reasons for such classification. A copy of the report certifying to the child's type of exceptionality shall be kept on file in the office of the principal of the school in which the child is enrolled and at such other places as may be prescribed by regulations of the State Board of Education. In providing for the instruction of exceptional children, the school boards shall utilize regular school facilities and adapt them to the needs of exceptional children, except as otherwise provided herein. No exceptional child shall be segregated and taught apart from other non-exceptional children until a careful study of the child's case has been made and evidence obtained which indicates that such segregation would be for the exceptional child's benefit or is necessary because of difficulties involved in teaching the child in a regular school program. Appropriate placement shall be made on the basis of the placement committee recommendation, wherever this is practicable. The principal of the school in which an exceptional child is taught shall keep a written record of the case history of each exceptional child, showing the

reason for any withdrawal of such exceptional child from the regular school program in the public school and his enrollment in or withdrawal from a special school program for exceptional children. Such confidential record shall be available for inspection by appropriate school officials and appropriate faculty at any time with the consent of the school principal.

Section 9. Reports on Exceptional Children. The Alabama Boys Industrial School, Alabama State Training School for Girls, Alabama Institute for Deaf and Blind, Alabama State Department of Mental Health, State Crippled Children's Service, the State Board of Health, and the Department of Pensions and Security shall direct their field workers to review their case records on or before March 31 of each year and to report to the superintendent of each school board the names and other pertinent information for all persons who might (if certified by a specialist) be exceptional children in the school district and whose conditions in their opinion might require special education services.

Section 10. Vision or Hearing Impaired and Those Having Other Special Learning Disabilities. The State Superintendent of Education is authorized to purchase and arrange for distribution among schools boards previously adopted textbooks, equipment and materials which are prepared in various resource and media centers, for the use of vision and hearing impaired children and those having other special learning disabilities enrolled in the public schools in Alabama or whose tuition and expenses at other schools are being paid by a school board under the provisions of this Act.

Section 11. Transportation. When authorized by regulations of the State Board of Education in lieu of the amount calculated on the basis of daily attendance otherwise authorized by law, there shall be allowed from the special educational trust fund (the minimum program fund) for each bus used exclusively for the purpose of transporting eight or more pupils classified as exceptional children who are unable to ride regular school buses eighty per cent (80%) of the cost of such transportation, and a proportionate amount shall be allowed for a vehicle used exclusively for the transportation of a smaller number of exceptional children in average daily attendance as prescribed by regulations of the State Board of Education.

Section 12. Scholarships for Special Teachers. The State Board of Education is authorized to make training grants to professional personnel who seek special training in exceptional child education to qualify said personnel to meet professional requirements set forth in said State Board's regulations, and shall be responsible for the administration of said program. Such grants are limited to personnel who are under contract to work

in the exceptional child program in this State, the training schools, the child training centers, and at the various residential facilities for exceptional children throughout the state for such contractual periods as the State Board of Education may by regulation specify, and to regular students who plan to work in the exceptional child program in this State and who sign a commitment satisfactory to the State Board of Education that they will take an appropriate available job at any location within the State of Alabama upon graduation or completion of their studies. Such commitments shall be binding upon those who sign them and receive scholarship aid, but the State Board of Education may waive the enforceability thereof in the event of extreme and unforeseen hardship. Each grant shall cover the cost of tuition, housing and food, from a minimum dollar amount for residence enrollment in specific courses approved by the state superintendent under the regulations of the State Board of Education. Said courses for which scholarships may be made available are those offered on the campuses of the institutions of higher learning in this State, except where necessary courses are not offered in this State. Where courses are not offered in this State in the areas requiring certification in exceptional child education, the recipient may receive said grant for attending an out-of-state institution of higher learning approved by the State Board of Education to meet the professional requirements of the State of Alabama.

Section 13. Short Reference. This Act may be referred to as the "Alabama Exceptional Child Education Act."

Section 14. Severability. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 15. Repealer. All laws or parts of laws in conflict with this Act are repealed.

Section 16. Effective Date. The Act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

Act No. 113

H. 13—Merrill, Burgess, Stewart

AN ACT

To provide for the planning, design, location, financing, acquisition of property for, construction, alteration, enlargement, use, maintenance, operation, and fostering of off-street automobile parking facilities in the City of Anniston; authorizing the city council to create a parking authority or parking committee, and providing for its membership, authority and duties.

Be It Enacted by the Legislature of Alabama:

Section 1. It is hereby determined and declared that in the City of Anniston the free circulation of traffic of all kinds through the streets of said city is necessary to the health, safety and general welfare of the public; that in recent years the greatly increased use by the public of motor vehicles of all kinds has caused serious traffic congestion in the streets of said city; that the parking of motor vehicles in the streets has contributed to this congestion; that such congestion prevents the free flow of traffic in, through and from the City of Anniston and impedes the rapid and effective fighting of fires and disposition of its police force, threatens irreparable loss in the values of urban property within the city which can no longer be readily reached by vehicular traffic and endangers the health, safety and welfare of the general public; that this traffic congestion is not capable of being adequately abated except by provisions of sufficient off-street parking facilities; that adequate off-street parking facilities have not been provided and parking spaces now existing must be forthwith supplemented by off-street parking facilities provided by public undertaking; and that the enactment of the provisions of this Act is hereby declared to be a public necessity.

Section 2. The city council or other municipal governing body of the City of Anniston is hereby authorized and empowered to acquire, receive, take and hold, whether by purchase, gift, lease, devise, or otherwise, property of every description, whether real, personal or mixed, and to manage said property and to develop any undeveloped property owned, leased or controlled by such city for the purposes hereinafter set out; to execute such contracts and other instruments and to take such other action as may be necessary and convenient to carry out the provisions of this Act or to exercise the power granted hereunder; to plan, establish, acquire, construct, enlarge, improve, maintain, equip, operate, regulate and protect parking facilities; to lease or let such facilities or any one or more of them to such tenant or tenants for such term, or terms, at such compensation or rental as the council or other governing body may from time to time direct; to issue interest bearing revenue bonds payable from the limited sources hereinafter referred to; to pledge for payment of such bonds any revenues or funds from which such bonds are made payable; to make and enter into contracts, leases and agreements incidental to or necessary for the accom-

lishment of any purpose or purposes authorized by this Act; to make and enforce rules and regulations governing the use of any parking facilities owned or controlled by said city; to cooperate with the state, any county, city, town, public corporation, agency, department, or political subdivision of the State, and to make such contracts with them or any of them as the council or other governing body may deem advisable to accomplish the purposes of this Act; to receive and accept grants for or in aid of the construction, extension, improvement, maintenance or operation of any parking facility from the United States of America or any agency thereof, from the state, any department or agency thereof and any political subdivision thereof and to receive and accept money, property, labor or other things of value from any source whatsoever; and to do any and all things necessary or convenient for the exercise of any power herein granted.

Section 3. The council or other governing body is hereby specifically authorized to lease any said parking facilities constructed under the provisions of this Act; provided, however, that prior to leasing any such parking facility the council or other governing body must determine and find the following: the amount necessary in each year to pay the principal of and the interest on the bonds proposed to be issued to finance such project; the amount necessary to be paid each year into any reserve fund which the council or other governing body may deem it advisable to establish in connection with the retirement of said bonds and the maintenance of said parking facility or facilities; and, unless the terms under which the project is to be leased, provided that the lessee shall maintain the project and carry all proper insurance (including liability insurance) with respect thereto, the estimated cost of maintaining the parking facility in good repair and keeping it properly insured. The lease agreement shall provide for the payment of rentals based on such findings and determinations as are sufficient (a) to pay the principle of and interest on the bonds issued to finance the parking facility, (b) to build up and maintain any reserves deemed by the council or other governing body to be advisable in connection therewith, (c) unless the agreement of lease obligates the lessee to pay for the maintenance and proper insurance (including liability insurance) of the parking facility, to pay the cost of maintaining the parking facility in good repair and keeping it properly insured. The lease agreement may, at the discretion of the council or other governing body, contain provisions prescribing minimum operating hours, maximum operating hours, maximum charges to be collected by the operator, and other terms to be observed by the lessee.

Section 4. The principal of and interest on any bonds issued under this Act shall be secured by a pledge of the revenue

out of which such bonds may be made payable and may be secured by a mortgage covering all or any part of any project or projects from which the revenues so pledged may be derived, and may be secured by a pledge of the lease of such project. The proceedings under which such bonds are authorized to be issued or any such mortgage may contain any agreements and provisions customarily contained in instruments securing bonds, including, without limiting the generality of the foregoing, provisions respecting the fixing and collection of rents for any project covered by such proceedings or mortgage, the terms to be included in the lease of such project, the maintenance and issuance of such project, the creation and maintenance of special funds from the revenues from such project, and the rights and remedies available in event of default of the bond holders or to the trustee under a mortgage, all as the governing body shall deem advisable and as shall not be in conflict with the provisions of this Act; provided, however, that in making any such agreements or provisions the City of Anniston shall not have the power to obligate itself except with respect to the project and the application of the revenues therefrom and shall not have the power to incur a pecuniary liability or a charge upon its general credit or against its taxing powers. The proceedings authorizing any bonds hereunder and any mortgage securing such bonds may provide that, in the event of default in payment of the principal of or the interest on such bonds or in the performance of any agreement contained in such proceedings or mortgage, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents and to apply the revenues from the project in accordance with such proceedings or the provisions of such mortgage. Any such mortgage may provide also that, in the event of default in such payment or the violation of any agreement contained in the mortgage, the mortgage may be foreclosed either by sale at public outcry or by proceedings in equity, and may provide that any trustee under such mortgage or the holder of any of the bonds secured thereby may become the purchaser at any foreclosure sale if the highest bidder therefor. No breach of any such agreement shall impose any pecuniary liability upon the City of Anniston or any charge under its general credit or against its taxing powers.

Section 5. Any bonds issued hereunder and at any time outstanding may at any time and from time to time be refunded by the City of Anniston by the issuance of its refunding bonds in such amount as the governing body may deem necessary but not exceeding any amount sufficient to refund the principal of the bonds so to be refunded, together with any unpaid interest thereon and any premiums and commissions necessary to be paid in connection therewith. Any such refund-

ing may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof for the payment of the bonds to be refunded thereby, or by exchange of the refunding bonds for the bonds to be refunded thereby; provided, that the holders of any bonds so to be refunded shall not be compelled without their consent to surrender their bonds for payment or exchange prior to the date on which they are payable, or if they are called for redemption, prior to the date on which they are by their terms subject to redemption. Any refunding bonds issued under the authority of this Act shall be payable solely from the revenues out of which the bonds to be refunded thereby were payable, and shall be subject to the provisions contained in Section 4 of this Act, and may be secured in accordance with the provisions of Section 3 of this Act.

Section 6. The proceeds from the sale of any bonds issued under authority of this Act shall be applied only for the purpose for which the bonds were issued; provided, however, that any accrued interest and premium received in any such sale shall be applied to the payment of the principal of or the interest on the bonds sold; and provided, further, that if for any reason any portion of such proceeds shall not be needed for the purpose for which the bonds were issued, then such unneeded portion of said proceeds shall be applied to the payment of the principal of or the interest on said bonds. The cost of acquiring any project shall be deemed to include the following: the actual cost of the construction of any part of a project which may be constructed, including architect's and engineer's fees; the purchase price of any part of a project that may be acquired by purchase; all expenses in connection with the authorization, sale and issuance of the bonds to finance such acquisition; and the interest on such bonds for a reasonable time prior to construction, during construction, and for not exceeding six months after completion of construction.

Section 7. The City of Anniston may pay out of its general funds or otherwise contribute any part of the costs of acquiring a project, and may use land already owned by the municipality, or in which the municipality has an equity, for construction thereof of a project; and the municipality may accept donations of property to be used as a part of any project and money to be used for defraying any part of the cost of any project.

Section 8. Bonds issued under the provisions of this Act shall be legal investments for savings banks and insurance companies organized under the laws of this state.

Section 9. The bonds authorized by this Act and the income therefrom, all mortgages executed as security therefor, all lease agreements made pursuant to the provisions hereof, and all projects and the revenues derived from any lease thereof shall be exempt from all taxation in the state of Alabama.

Section 10. The city council or other municipal governing body may, by local ordinance, create a parking authority or parking committee to which it may delegate all authority heretofore or hereafter held by said council with respect to the development, creation, operation and general supervision of any and all matters related to public parking. Said parking committee shall be composed of not less than seven nor more than thirteen members as the city council may decide, and all such members shall be residents of the City of Anniston and over the age of twenty-one years. In so far as is nearly mathematically possible, of the members first appointed, one-third shall be appointed for terms of two years, one-third for terms of three years and one-third for terms of four years. Thereafter all members of the committee shall serve for terms of four years. Upon the creation of the parking committee, it shall assume all authority of the city council with respect to public parking in the City of Anniston, and perform all duties in matters related thereto.

Section 11. Neither this Act nor anything herein contained shall be construed as a restriction or limitation upon any powers which the City of Anniston might otherwise have under any laws of this state, but shall be construed as cumulative; and this Act shall not be construed as requiring an election by the voters of said city prior to the issuance of bonds hereunder by such municipality.

Section 12. If any section, provision, or clause of this Act shall be declared invalid or unconstitutional, such declaration shall not affect the part or parts which remain.

Section 13. This Act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

(c) When any person in charge of production operations shall use or dispose of the oil or gas for fuel or any other purpose, he shall withhold the tax imposed by this act; and if he is required to pay other interest holders, he is hereby authorized, empowered, and required to deduct from any amounts due them the amount of tax levied and due under the provisions of this act before making payment to them.

The amount charged shall be such amount as the commissioner of revenue and the county governing body shall agree upon, but shall not exceed ten percent of the amount collected. Such charges, if any, for collecting the taxes for the county may be deducted each month from the proceeds of the taxes collected before certifying the amount thereof due the county for that month. The commissioner of revenue shall pay into the state treasury all county taxes collected under this act, as such taxes are received by the department of revenue. ner prescribed by law. The department, however, is hereby relieved of the requirement to furnish bond of any character.

Section 9. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

SENATE JOINT RESOLUTION

Saluting Honorable Huett Artman Snow, County Engineer of Jefferson County, on his distinguished career and his well-deserved designation as the outstanding "Urban County Engineer of the Year".

WHEREAS, Huett Artman Snow has served in the Engineering Department of Jefferson County, Alabama, continuously

from August, 1933, until the present, with the exception of taking leave to serve in the United States Marine Corps in World War II and the Korean War in the engineering field, retiring with the rank of colonel. He has served in his present position as County Engineer of Jefferson County since January 1, 1962; and

WHEREAS, While serving our great country in two major wars, Mr. Snow received many citations plus numerous medals, including the Marine Commendation and the Bronze Star. His brilliant engineering knowledge in constructing the Marine Air Strip in sub-zero weather, under constant Chinese fire at Chosin Reservoir in northeast Korea, was of inestimable value in removing dead and wounded Marines, plus enough supply items to enable the First Marine Division to fight its way out of the Chinese trap to Pusan, Korea. Undoubtedly many Marines owe their very lives to the work of this heroic engineer; and

WHEREAS, Mr. Snow has very actively promoted the use of the best engineering standards for the design, construction, maintenance and operation of public facilities in his county, and has unselfishly shared his energy and knowledge with others. His promotion of a spirit of cooperation between county, state and federal agencies has been recognized throughout our state and nation; and

WHEREAS, This skillful engineer and great American has rendered such superior service in his profession that he has been selected by the National Association of County Engineers, which has a membership of 1200, as the outstanding "Urban County Engineer of the Year"; and

Act No. 156

S.J.R. 42—Givhan

SENATE JOINT RESOLUTION

ENDORSING THE PROPOSAL OF SENATOR HARRY F. BYRD TO REQUIRE THE RECONFIRMATION OF FEDERAL JUDGES AT REGULAR INTERVALS

WHEREAS Senator Harry F. Byrd, Jr., of Virginia has introduced in the Congress of the United States a proposal to amend the United States Constitution to require all federal judges to be reconfirmed by the United States Senate every eight years; and

WHEREAS when our founding fathers created our government, they provided separate legislative, executive and judicial branches in order to establish a system of checks and balances and to prevent the domination of governmental affairs by any one single branch; and

WHEREAS, because it was thought that the judicial branch of government would be the weakest of the three branches, provision was made for justices of the Supreme Court of the United States and the judges of its inferior courts to serve for life to provide protection from political pressure and the vacillations of ephemeral public opinion; and

WHEREAS the Constitution of the United States provided for and established a representative republican form of government to insure the rights and privileges of the citizens of the component states; by its letter and spirit, the Constitution provided for each individual state to retain and reserve unto itself all its power and sovereignty except that part delegated, granted, and given to effect the union of the states; and by its express language, the Constitution safeguarded each individual state and its people from unauthorized interference in domestic affairs by a strong central government and from tyranny and suppression wrought by such a strong central government; and

WHEREAS in recent decades the federal courts have taken unto themselves more and more additional powers under the assumption that the law of the land is whatever the court says it is; they have not only usurped the powers reserved to the states and assumed powers of the legislative and executive branches of government in the process of self-annointed omnipotence, but they have mistaken themselves for God; and

WHEREAS under the incessant demands of a powerful combination of subversive and minority interests, the courts have fallen into a slough of fallacious reasoning, and in attempting to extricate themselves have resorted to strangely conceived

social concepts and idealistic pap in which they insist upon wallowing; and

WHEREAS the courts, by their arrogant, wilful and wanton use of judicial fiat and flagrant abuse of injunctive powers, have forced their tragically ridiculous interpretations of the Constitution and of state and federal statutes on the people of a once proud, powerful and self reliant nation to such extent that many property rights have been destroyed; voting rights have been diluted and restricted; the legislative and congressional districts of many states have been arbitrarily reapportioned without regard to similarity of interests, economic condition or consideration of desires of any groups within the states; orderly systems of public education are impossible; riots are frequent occurrences on college and university campuses; transportation is often halted; welfare cases have risen to astronomical heights; crime in the streets is uncontrolled, and fear and chaos are rife throughout the land; and

WHEREAS a return to a sane, strong responsible government which is supported by the vast majority of people who work for a living, pay their debts, educate their children, and, with confidence in themselves and faith in the Lord, contribute something to the communities they live in, can be achieved in large part by making federal judges responsive to the will of these people; now therefore,

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That this body and the people of Alabama heartily endorse Senator Byrd's proposal to require the reconfirmation of federal judges by the Senate of the United States at intervals of eight years.

BE IT FURTHER RESOLVED, That we regard this proposal as an admirable step in the right direction and would recommend that United States Supreme Court Justices be included therein and that the intervals for reconfirmation be reduced to six years.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to Senator Harry F. Byrd, Jr., to the President and Vice President of the United States, to the Speaker of the House of the United States Congress, to the Chief Justice and each Associate Justice of the United States Supreme Court and to each member of Alabama's Congressional Delegation.

It is provided, however, that if the vacancy is among the officers appointed to serve at a polling place where voting machines will be used, after the school of instruction for election officials has been held as prescribed in Section 10 of this Act, a person who has received a certificate from a previous school of instruction shall, if possible, be appointed to fill the vacancy.

B. With respect to employment after December 31, 1971, except as hereinafter provided, every employer who has not been liable to the provisions of this chapter for a sufficient length of time to have his rate determined under the experience rating provisions of section 204 of this chapter shall pay contributions at the rate of 1.50 percent of such wages paid by him with respect to employment during each month.

C. (1) Any non-profit organization which becomes subject to this chapter on January 1, 1972, by virtue of its employment during calendar year 1971 may elect to become liable for payments in lieu of contributions for a period of not less than nine consecutive calendar quarters beginning with January 1, 1972, provided it files with the director a written notice of its election within the 30-day period immediately following such date. Any non-profit organization which becomes subject to this chapter by virtue of its employment subsequent to calendar year 1971 may elect to become liable for payments in lieu of contributions for a period of not less than seven consecutive calendar quarters by filing a written notice of its election with the director not later than 30 days immediately following the date on which the conditions rendering such organization subject were fulfilled.

(2) Any non-profit organization which makes an election in accordance with paragraph (1) of this subsection will continue to be liable for payments in lieu of contributions until it files with the director a written notice terminating its election. Any such termination shall be effective at the end of the first calendar quarter of a calendar year. Said notice shall be filed not later than the first day of March preceding the effective date of such termination.

(3) Any non-profit organization which has been paying contributions under this chapter for a period of at least one calendar year subsequent to January 1, 1972, may change to a reimbursable basis by filing with the director not later than the first day of December preceding the beginning of any calendar year a written notice of election to become liable for payments in lieu of contributions. Such election shall not be terminable by the organization during that and the next calendar year and may be terminated only at the end of the first calendar quarter in a calendar year.

(4) The director may for good cause extend the period within which a notice of election, or a notice of termination, must be filed and may permit an election to be retroactive but not any earlier than with respect to benefits paid after December 31, 1971.

(5) The director shall notify each non-profit organization of any determination which he makes of its status as an employer and of the effective date of any election which it makes and of any termination of such election and of benefits paid in accordance with such regulations as he may prescribe. Such notice and determination shall be subject to the provisions for review and finality as set out in section 204-C (4) of this chapter.

(6) Any non-profit organization which elects to make payments in lieu of contributions shall pay to the director for the fund such amounts and in such manner and at such time as is set out in subsection F of this section.

D. With respect to employment after December 31, 1971, any hospital or institution of higher education operated by this State or any of its instrumentalities which, pursuant to the provisions of subsection G of section 185 of this chapter, is or becomes subject to this chapter after December 31, 1971, shall pay to the director for the fund an amount equal to the amount of regular benefits and one-half of the extended benefits paid, that is attributable to service in the employ of such employer to individuals for weeks of unemployment which begin after December 31, 1971, at the rate and in such manner and at such time as is set out in subsection F of this section. For the purpose of this section, the governing body of any State institution may, with the approval of the director, determine the number of individual accounts for the institutions under its authority.

E. With respect to employment after December 31, 1971, any political subdivision of this State (or any two or more political subdivisions) which elects, under the provisions of section 225 of this chapter, to become subject to this chapter, shall pay to the director for the fund an amount equal to the amount of regular benefits and one-half of the extended benefits paid, that is attributable to service in the employ of such employer, to individuals for weeks of unemployment which begin after December 31, 1971, at the rate and in such manner and at such time as is set out in subsection F of this section.

F. Reimbursement payments. - Payments in lieu of contributions shall be made in accordance with provisions of paragraphs (1) and (2) of this subsection.

(1) Each non-profit organization or group of such organizations which has elected to make payments in lieu of contributions shall at the end of each calendar quarter, or at the end of any other period as the director shall prescribe, pay to the director an amount equal to the full amount of regular benefits plus one-half of the extended benefits paid during such quarter or other prescribed period that is attributable to services in the employ of such organization. Such payments shall be made within 20 calendar days after notice of the amount due is mailed by the director.

(2) Each hospital or institution of higher education operated by this State or any instrumentality thereof, and each political subdivision (or two or more political subdivisions) which has elected coverage under the provisions of section 225

of this chapter shall make such payments to the director in an amount representing one of the following:

(a) For the calendar quarter beginning July 1, 1972, and each succeeding calendar quarter thereafter through and including the quarter ending September 30, 1973, such amount as such employer may estimate to be the amount of regular benefits and one-half of the extended benefits to be paid during such quarter and attributable to such employer but the amount shall not be less than twenty-five hundredths (0.25) percent of its average quarterly payroll (without regard to the limitations specified in section 191 of this chapter) paid to all employees covered by this chapter in its employ during the calendar year 1971, said payments to be made not later than the tenth day of the first month of each quarter.

(b) For each calendar quarter during fiscal years beginning on and after October 1, 1973, such percentage of its average quarterly covered payroll for the four-quarter period ending on the immediately preceding June 30 as the director shall determine. Such determination shall be based each year on the average quarterly benefit cost during the four calendar quarter period ending on the immediately preceding June 30, which is attributable to service in the employ of such organizations.

(c) For any organization which did not pay wages throughout the periods specified in subparagraphs (a) and (b) respectively, of this paragraph, the average quarterly covered payroll shall be as determined by the director based on that portion of such periods during which wages were paid.

(3) At the end of each one year period for which a rate for payments in lieu of contributions has been set, the director may modify the quarterly percentage of payroll thereafter payable by the organization in order to minimize excess or insufficient payments.

(4) At the end of each one year period for which a rate for payments in lieu of contributions has been set, the director shall determine whether the total of payments for such year made by any employer is less than, or in excess of, the total amount of regular benefits plus one-half of the amount of extended benefits paid to individuals during such year based on wages attributable to service in the employ of such employer. Each such employer whose total payments for such year are less than the amount so determined shall be liable for payments of the unpaid balance to the fund in accordance with this subsection. If the total payments exceed the amount so determined for the specified one-year period, all or a part of the excess may, at the discretion of the director, be refunded from the fund or retained in the fund as part of the payments which may be

required for the next such year. Any payments due to be made under this paragraph shall be made not later than 10 days after the date on which the director shall mail to the employer notice of the amount.

(5) Payments made by any organization under the provisions of this subsection shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of such organizations.

(6) Payments in lieu of contributions shall unless otherwise prohibited by law, be subject to the same penalties, collection and enforcement proceedings and provisions for hearing and review, extensions, refunds and protections that pursuant to sections 238, 239, 240, 241, 242, 243, 244 and 251 of this chapter apply to contributions.

(7) Surety. - Any non-profit organization which elects to become liable for payments in lieu of contributions shall, in addition to making such payments, be required within 30 days after the date the director mails notice of his approval of its election, to execute and file with the director a surety bond, or a cash deposit in lieu thereof, as approved by the director. For the purpose of this paragraph, a surety bond is a bond of surety issued by an organization licensed and authorized to issue such bond in this State. The amount of the surety bond or cash deposit required by this paragraph shall be an amount as determined by the director but not more than three (3.0) percent of the organization's wages as defined in Section 191 of this Chapter paid for employment as defined in this Chapter for the four calendar quarters immediately preceding the effective date of the election or the renewal date in case of a bond or the biennial anniversary in the case of a cash deposit, whichever date shall be most recent and applicable. For any such organization which did not pay wages throughout each of four such calendar quarters the amount of the bond or deposit shall be as determined by the director.

(a) Surety bond. - Any surety bond deposited under this subsection shall be in force for a period of not less than two full calendar years and shall be renewed not less frequently than at two-year intervals as long as the organization continues to be liable for payments in lieu of contributions. The director shall require adjustments to be made in a previously filed bond as he deems appropriate. If the bond is to be increased, the adjusted bond shall be filed by the organization within 30 days of the date notice of such adjustment was mailed or otherwise delivered to it. Failure of any organization covered by such bond to pay the full amount of payments in lieu of contributions when due, together with any applicable interest and penalties

as provided by this chapter shall render the surety liable on said bond to the extent of the bond, as though the surety was such organization.

(b) Deposit of money. - Any deposit of money in accordance with this paragraph shall be retained by the director in an escrow account until liability under the election is terminated, at which time it shall be returned to the organization, less any deductions as hereinafter provided. The director may deduct from the money deposited under this subsection by any organization to the extent necessary to satisfy any due and unpaid payments in lieu of contributions and any applicable interest and penalty. The director shall require the organization within thirty days following any deduction from a money deposit under the provisions of this subsection to deposit sufficient additional monies to make whole the organization's deposit at the prior level. The director may, at any time, review the adequacy of the deposit made by any organization. If as a result of such review, he determines that an adjustment is necessary, he shall require the organization to make an additional deposit within thirty days of written notice of his determination or shall return to it such portion of the deposit as he no longer considers necessary whichever action is appropriate.

(c) If any organization subject to this section fails to file a surety bond or make a cash deposit or to file a surety bond in an increased amount or to increase or make whole the amount of a previously made cash deposit, or fails to pay before the delinquency date any payments due together with any accumulated interest and penalty as provided by this chapter, the director may terminate such organization's election to make payments in lieu of contributions effective as of the end of any calendar quarter and such termination shall continue for not less than two consecutive calendar years; provided, that the director may extend for good cause the posting of a cash deposit, the filing of a surety bond or the extension of an adjustment period by not more than thirty days.

(8) Allocation of benefit costs. — If benefits paid to an individual are based on wages paid by two or more employers, the amount of benefits payable by an organization required to or electing to make payments in lieu of contributions shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base period wages paid by such employer to the individual and used for the payment of benefits bears to the total base period wages paid to the individual by all his base period employers and used for payments of benefits.

(9) Group accounts. - Two or more employers that have elected to make payments in lieu of contributions in accordance

with the provisions of this subsection may file a joint application to the director for the establishment of a group account for the purpose of sharing the cost of benefits paid that are attributable to service in the employ of such organizations. Each such application shall identify and authorize a group representative to act as the group's agent for the purposes of this subsection. Upon his approval of the application, the director shall establish a group account for such employers effective as of the beginning of the calendar quarter next following the quarter in which he received such application, and shall notify the group's representative of the effective date of the account. Such group account shall remain in effect for not less than eight calendar quarters and thereafter until terminated at the discretion of the director or upon application by the group. Upon establishment of the account, each member of the group shall be liable for payments in lieu of contributions with respect to each calendar quarter in the amount that bears the same ratio to the total benefits paid in such quarter that are attributable to service performed in the employ of all members of the group as the total wages paid for services in employment by such member in such quarter bears to the total wages paid during such quarter for service performed in the employ of all members of the group. The director shall prescribe such regulations as he deems necessary with respect to applications for establishment, maintenance and termination of group accounts that are authorized by this subsection, for addition of new members to, and withdrawal of active members from, such accounts, and for the determination of the amounts that are payable under this subsection by members of a group and the time and manner of such payments.

(10) Notwithstanding any other provisions of this chapter, any employer that was liable for payments in lieu of contributions for the period immediately preceding the effective date of termination of its coverage pursuant to section 224 of this chapter shall nevertheless continue to be liable to pay to the director for the fund the amount of regular benefits and one-half of the extended benefits paid, that is attributable to service in the employ of such employer prior to the effective date of such termination, to individuals for weeks of unemployment which begin on or after such effective date. Such payments to the director shall be made at such times and in such manner as the director shall prescribe and the director may continue to require payments in lieu of contributions and surety in such amounts and for such period as he may deem necessary to insure restoration to the fund of the amount of such regular and extended benefits."

Section 9. Section 202, Title 26, Chapter 4, Code of Alabama 1940, as last amended, is hereby amended to read:

“§ 202. Contributions by employees. - Prior to January 1, 1972, contributions by employees shall be as prescribed by this section as amended through July 1969.

On and after January 1, 1972, and for each calendar year thereafter, when the Unemployment Trust Fund is greater than the minimum normal amount for the fiscal year beginning on the first day of October next preceding as computed under the provisions of subsection 204 G of this chapter, no contribution shall be made by any employee.

B. On and after January 1, 1972, and for each calendar year thereafter when the Unemployment Trust Fund is less than the minimum normal amount for the fiscal year beginning on the first day of October next preceding as computed under the provisions of section 204 G of this chapter each employee employed by an employer subject to this chapter shall contribute to the fund 0.5 percent (one-half of one percent) of the wages for employment paid to him after the date as of which the conditions determining that his employer is subject to this chapter have been fulfilled except:

(1) No employee shall be required to pay contributions on that part of his wages which are not included in the definition of ‘wages’ as prescribed in section 191 of this chapter. If by reason of an employee rendering service for more than one employer during any calendar year, the wages of the employee with respect to employment during such year exceed the amount set out in section 191 of this chapter, the employee shall be entitled to a refund of any amount of contribution with respect to such wages imposed by this chapter, deducted from such wages and paid to the fund, which exceeds the contribution with respect to the amount of wages set out in this paragraph.

(2) No employee shall be required to pay contributions on any wages paid to him for employment as defined in subsection 186 B and C of this chapter if such wages could become the basis for payment of benefits for which his employer would be required or has elected to reimburse the Fund by means of payments in lieu of contributions pursuant to subsections C, D and E of section 201 of this chapter.”

Section 10. Subsection A of Section 204, Title 26, Chapter 4, Code of Alabama 1940, as last amended, is hereby amended to read:

“§ 204. Experience Rating, rates and contributions.

A. (1) For the twelve-month period beginning on the 1st day of April of each year, any employer whose employment record has been chargeable with benefit wages throughout at

least the calendar year immediately preceding such 1st day of April shall have his rate determined by the unemployment compensation fund's maximum liability for benefits to his employees who have been paid benefits, modified by the State experience as of the most recent December 31 as to average duration of benefit payments as provided herein. The employment record of a non-profit organization which has been making payments in lieu of contributions but which elects to change to payment of contributions shall be deemed to have been chargeable with benefit wages throughout the period with respect to which it was making payments in lieu of contributions and its benefit wages and payrolls for such period shall be used in computing its benefit wage percentage pursuant to subsection D of this section.

(2) If the director finds that an employer's business is closed solely because of the entrance of one or more of the owners, officers, partners, or the major stockholders into the armed forces of the United States, or any of its allies, after July 1, 1950, such employer's experience rating account shall not be terminated; and, if the business is resumed within two years after the discharge or release from active duty in the armed forces of such person or persons, the employer's experience shall be deemed to have been continuous throughout such period. The benefit wage percentage of any such employer for the calendar year in which he resumes business and the three calendar years immediately following shall be a percentage equal to the total of his benefit wages (including any benefit wages resulting from the payment of benefits to any individual during the period the employer was in the armed forces based upon wages paid by him prior to his entrance into such forces) for the three most recent calendar years divided by that part of his total payroll, with respect to which contributions have been paid for the three most recent calendar years during the whole of which, respectively, such employer has been in business. This provision does not authorize cash refunds. Any adjustments required hereunder shall be only by credit certificates."

Section 11. Subsection B of Section, 204, Title 26, Chapter 4, Code of Alabama 1940, as last amended, is hereby amended to read:

"§ 204 B. The employee's benefit wages shall be determined as follows:

(1) When, for any benefit year an employee is paid benefits in a total amount equal to or exceeding the amount of benefits payable to him for three weeks of total unemployment, his wages during his base period shall be employee's benefit wages;

(2) Except that wages paid to an employee during his base period for part-time employment by an employer who continues to give the employee employment to the same extent while he is receiving benefits as he did during his base period, shall not be determined to be employee's benefit wages. The employer shall establish the continuation of work to the satisfaction of the director by submitting such information as the director may require within four days, excluding Saturdays, Sundays and holidays, after the date of notification or mailing of notice by the director that the employee has first filed a claim for benefits.

(3) As to any employee who is a "maritime worker" benefit wages of such employee during a base period as determined under Subsection B (1) of this section, exclusive of any benefit wages based on wages in excess of the amount set forth in Section 191 A of this title paid to such employee during such base period by any one employer, shall be multiplied by a fraction the numerator of which is his average quarterly earnings (as defined in Section 211-C of this chapter as last amended) in his base period and the denominator of which is his highest of any quarter in his base period. The result shall be employee's benefit wages of such "maritime worker."

(4) When, in the determination of an employee's benefit wages, wages that have been included once in any employee's benefit wages, for one benefit year or in any employee's wages for one base period such wages shall not thereafter be included again in his benefit wages for any other benefit year or in his wages for any other base period respectively.

In computing an employee's benefit wages, no wages in excess of the amount defined as 'wages' in Section 191 of this title paid to him in his base period by any one employer shall be deemed benefit wages. It is the intent of this provision that no one employer be charged with benefit wages in excess of such amount defined in Section 191 of this title because of the receipt of benefits in a benefit year by one of his workers or former workers."

Section 12. Subsection G of Section 204, Title 26, Chapter 4, Code of Alabama 1940 as last amended, is hereby amended to read:

"§ 204 G. - Contribution rates for each employer, and his employees when required by the provision of section 202 of this title and paragraph (4) of this subsection, determined pursuant to subsection F of this section shall nevertheless be subject to increase as hereinafter provided.

(1) The "benefits payroll ratio" of the state for each fiscal year (for the purposes of this chapter, fiscal year means

the twelve consecutive month period beginning the first day of October of each year) shall be determined by dividing the total of benefits paid, including the State's portion of benefits paid under any extended benefit program, from the unemployment compensation fund within the preceding fiscal year less any benefits paid for which payments in lieu of contributions have been paid or are currently due to be paid, by the statewide total of taxable payrolls of all employers, upon which contributions have been paid, during the same fiscal year and by adjusting the quotient to the nearest multiple of one thousandth.

(2) The "minimum normal amount" of the unemployment compensation fund for each fiscal year shall be one and one-half times the amount determined by multiplying the highest statewide total of taxable payrolls of all employers upon which contributions have been paid during any one of the three most recent preceding fiscal years by the highest benefits payroll ratio for any one of the ten most recent preceding fiscal years.

(3) Whenever, at the end of any fiscal year, the fund is greater than the minimum normal amount for the next following fiscal year, the director shall on or before the 1st day of December next following so declare, and, effective for the twelve-month period beginning with the 1st day of April of the immediately succeeding calendar year, the contribution rates for each employer shall be determined by the director as provided in subsection F of this section on the basis of each employer's benefit wage percentage for the said immediately succeeding calendar year and the state experience factor as determined for the said immediately succeeding calendar year as provided in subsection E of this section.

(4) If at the end of any fiscal year the fund is less than the minimum normal amount for the next following fiscal year, the director shall on or before the first day of December next following so declare. To be effective for the twelve-month period beginning with the 1st day of April of the immediately succeeding calendar year the contribution rates for each employer shall be determined by the director from the table in subsection F of this section on the basis of each employer's benefit wage percentage for the said immediately succeeding calendar year and an increased state experience factor to be computed by multiplying the state experience factor for the said immediately succeeding year by two. In computing rates under this subsection all 13 columns in the table in subsection F of this section shall be used. If no percentage equal to or in excess of such benefit wage percentage appears on said horizontal line, the employer's contribution rate shall be three and six-tenths percent (3.6 percent).

When the state experience factor is required to be multiplied by two, as heretofore provided, each employee employed by an employer subject to this chapter shall, except as provided in section 202 of this chapter, contribute to the fund throughout the next immediately succeeding calendar year, and effective with wages for employment paid to him on or after the first day of such calendar year, at the rate of 0.5 percent (one-half of one percent).

(5) Any amount credited to this state's account under Section 903 of the Social Security Act, as amended, which has been appropriated for expenses of administration, whether or not withdrawn from the trust fund, shall be included in the trust fund balance in determining whether or not such fund is greater or less than the minimum normal amount for a fiscal year.

(6) The director shall notify each employer of such declaration and change in state experience factor and of his benefit wage percentage and his contribution rate within thirty days after each such 1st day of April and, when contributions are required of employees under the provisions of this section, notice of such requirement shall be given the employer not later than ten days prior to the effective date of such contributions. This paragraph shall not apply to employers who in lieu of contributions reimburse the fund for benefits paid."

Section 13. Section 224, Title 26, Chapter 4, Code of Alabama 1940, as last amended, is hereby amended to read:

"§ 224. Period and termination of employer's coverage. -

A. Except as otherwise provided in subsection B of this section, any employing unit which is or becomes an employer subject to this chapter within any calendar year, shall be an employer subject thereto during the whole of such calendar year.

When an employer's coverage is terminated under the provisions of this section such employer shall not thereafter become subject to the provisions of this chapter on the basis of any employment by such employer prior to the effective date of such termination."

Be It Enacted by the Legislature of Alabama:

Section 1. Sections 2, 3 and 8 of Act No. 865 of the 1961 Legislature of Alabama, approved September 8, 1961 (Alabama General Acts, 1961, Volume II, page 1349 et seq.) authorizing the formation of professional associations be and the same hereby are amended to read as follows:

"Section 2. Any one or more persons duly licensed to practice a profession under the laws of this State may form a professional association, as distinguished from a partnership or corporation, for the purpose of carrying on a profession upon compliance with the terms of this act; provided that no professional association organized pursuant to the provisions of this act shall render professional service in more than one type of professional service.

Section 3. Such person or persons may form a professional association by executing and recording articles of association in the office of the judge of probate of the county in which the principal office of such association is located, and must be by such judge recorded in a book kept for that purpose. After recording such articles of association the probate judge shall endorse thereon his certificate of registration, showing the book and page where recorded, and for his services for recording the certificate shall receive fifteen cents for each one hundred words of the articles of association, and two dollars and fifty cents for examining the articles. Section 8. Unless the articles of association expressly provide otherwise, a professional association shall continue as a separate entity independent of its member or shareholders, for

all purposes for such period of time as provided in the articles, or until dissolved by a vote of two-thirds of the members, and shall continue notwithstanding the death, insanity, incompetency, conviction for felony, resignation, withdrawal, transfer of membership or ownership of shares, retirement, or expulsion of any one or more of the members or shareholders, the admission of or transfer of membership or shares to any new member or members or shareholder or shareholders, or the happening of any other event, which under the law of this State and under like circumstances, would work a dissolution of the partnership, it being the aim and intention of this section that such professional association shall have continuity of life independent of the life or status of its members or shareholders."

Section 2. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

"7. To levy and collect annually, in addition to all other taxes now authorized or permitted, a special tax or taxes of not exceeding two percent on the value of all taxable property therein as determined for state taxation, in the same manner as other county or municipal taxes are levied and collected. "This amendment shall be self-executing; but the Legislature shall have the right and power by general, special or local act to adopt laws supplemental to this amendment or in furtherance of the purposes and objectives hereinabove set forth.

"10. Neither the county nor any municipality shall make any engagement or commitment or undertake any project under the provisions hereof unless and until the proposition has been approved by a majority of the qualified electors of the county or

HOUSE JOINT RESOLUTION

RELATIVE TO THE NAMING OF ANY NEW, RECONSTRUCTED OR RENOVATED BRIDGE OR BRIDGES ACROSS THE TOMBIGBEE RIVER AT MOSCOW

WHEREAS, the bridge across the Tombigbee River at Moscow, just below Demopolis, where that river forms the boundary between Marengo and Sumter Counties, has always been popularly called "The Rooster Bridge" and for many years now has been officially named the "Demopolis Rooster Bridge"; and

WHEREAS, when the building of the Dixie Overland Highway, one of the first big federal aid highway projects in this country, was proposed Alabama was faced with the problem of raising \$150,000, the estimated cost of the construction of the bridge; and

WHEREAS, Mr. Frank I. Derby, a widely known cattle farmer of Sumter County, devised a novel plan for bridging the

Tombigbee with the proceeds of a gigantic rooster sale, secured the donation of hundreds of roosters, many from prominent residents of Alabama, but of some also from residents of other states, and organized a big barbecue and rooster sale which was held on the Town Square in Demopolis in connection with a two-day annual meeting of the Dixie Overland Highway Association; and

WHEREAS, President Woodrow Wilson took time out from the Versailles peace conference to send four game roosters from Brest, France, for this sale, each rooster to be named for the head of one of the victorious allies in the recent World War: Woodrow Wilson, Lloyd George of Great Britain, Clemenceau of France and Orlando of Italy; and

WHEREAS, "Woodrow Wilson," a handsome game rooster, was bid in at the sale for the unbelievable sum of \$58,000, roosters donated by several of Alabama's Congressmen brought several thousand dollars, each, and bids for roosters amounting to a grand total of \$158,000 were received on that memorable August 14, 1919; and

WHEREAS, highway and bridge designs have changed in the fifty odd years since the "Rooster Bridge" was constructed and it is no longer adequate to accommodate traffic on the Dixie Overland Highway at Moscow; so present plans for improving such highway call for dismantling this bridge and replacing it with two more modern structures; and

WHEREAS, the Demopolis rooster sale which sparked the building of the bridge at Moscow, and thus formed an important connecting link in a nation-wide highway is one of the most colorful bits of the history of Alabama, quite worthy of perpetuation; now therefore,

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That the authorities in charge of updating, renovating and reconstructing the Dixie Overland Highway are hereby memorialized to take appropriate notice of the important part played by Mr. Frank I. Derby and the Demopolis rooster sale in the early development of that stretch of the highway between Demopolis and the Alabama-Mississippi State line by officially naming whatever bridge or bridges will hereafter span the Tombigbee River in this vicinity "The Rooster Bridge or Bridges" in honor of Mr. Frank I. Derby.

BE IT FURTHER RESOLVED, That the Alabama Highway Department is hereby directed, when that part of the renovated Dixie Overland Highway in the vicinity of Moscow and the bridges therein have been completed, to erect and maintain

on or near each such bridge a plaque, marker or tablet describing the unique plan used for raising funds for the first bridge to span the Tombigbee River in this area. This plaque, marker or tablet shall specifically state that this plan was devised by Mr. Frank I. Derby and much of its success was due to his ingenuity, his dynamic personality, his diligence, and the tenacity with which he worked for this area's progressive development.

BE IT ALSO RESOLVED, That a copy of this resolution be sent by the Clerk of the Alabama House of Representatives to the United States Bureau of Public Roads, a copy to the Director of the Alabama Highway Department and a copy to Mr. Derby's widow, Mrs. Frank I. Derby, and a copy to each of his three daughters, Mrs. Curry Rumley, Mrs. Ralph Gardner, and Mrs. Burnell Chaney, and a copy to his son, Mr. Allison Derby.

Section 11. SUBSEQUENT REFERENDUMS. — In the event any such referendum conducted as herein provided shall fail to receive the required number of affirmative votes from soybean producers eligible for participation and voting therein, then the certified association conducting the said referendum shall be authorized to call another referendum for the purposes herein set forth in the next succeeding year, on the question of an assessment and promotional program for the period authorized by this Act, provided no such referendum shall be held within a period of twelve months from the date on which the last referendum was held. In the event such referendum is carried or favored by the required number of eligible soybean producers participating therein and assessments in pursuance thereof are levied for the period set forth in the call for such referendum, then the organization conducting such referendum shall have full power and authority to call and conduct during, or after, the last year of such period another referendum in which the soybean producers shall vote upon the question of whether or not such assessments shall be continued or renewed for another period of time as authorized under this Act. Any subsequent referendums as authorized hereunder shall be subject to all of the requirements as an original referendum conducted under the provisions of this Act.

Section 12. First purchaser also includes any person, public or private, who acquires a lien or security interest or receives a pledge of the soybeans after said soybeans are harvested. On or before the tenth day of each calendar month all assessments so deducted by the first purchaser shall be remitted to the Commissioner of Agriculture and Industries, less three per cent thereof, which may be retained as compensation for the expense of collecting and remitting the assessment so deducted. The books and records of all such purchasers of soybeans subject to the deductions or assessments as levied hereunder shall at all times during regular business hours be open for inspection by the Commissioner of Agriculture and Industries or his duly authorized representatives or agents for the purpose of ascertaining the accuracy of amounts remitted hereunder. The Commissioner of Agriculture and Industries shall be entitled to deduct three per cent of all sums remitted to the Department of Agriculture and Industries under this Act to defray expenses incident to collection and administration thereof. The amount thus deducted by the Commissioner for expenses incident to the administration of this Act shall be paid into the State Treasury to the credit of the agricultural fund.

Section 13. ASSESSMENT FUNDS. — The Commissioner of Agriculture and Industries shall remit to the treasurer of the certified association all monies paid to or collected by him on a quarterly basis between the first and fifteenth of January, April, July and October of each year, less a commission of three per cent of the total amount so collected which commission shall be deposited in the agricultural fund of the State Treasury. address and telephone number of the seller. Such avoidance shall apply to all sales of such producer to such buyers after such notice for the balance of such marketing season. The marketing season shall begin July 1 of each year and end on June 30 of each year. Section 15. EXEMPTION. — The Provisions of this Act shall not apply to any person who purchases one thousand or less bushels of soybeans in any calendar year, nor shall the provisions of this Act apply to occasional sales between growers.

Section 16. REFUND RIGHTS. — Any producer of soybeans against whom any assessment is made and deducted under authority of this Act if dissatisfied with said assessment shall have the right to demand and receive from the treasurer of the certified association a refund of the amount of the assessment collected from such soybean producer, provided such demand for refund is made in writing within thirty days from the date on which such assessment was deducted from the sale price of soybeans sold by such soybean producer; provided, that application for refunds of amounts deducted from the sale price of any soybeans sold must give the name and address of the sale market or purchaser who bought the soybeans, date of purchase, invoice or weight ticket number, if any, and the amount of soybeans purchased from him for which the assessment was deducted. Within thirty days after the first quarterly receipt of funds from the Commissioner of Agriculture and Industries, and thereafter within thirty days after receipt of such application, the certified association shall, after such association determines that the assessment was paid as claimed in the application, refund the amount so paid as an assessment. The mailing by the association of a valid check in the amount of such assessment, payable to seller, within thirty days after receipt of the application for refund, shall constitute a compliance with this section.

Section 17. BOND REQUIRED. — Before any money is remitted by the Commissioner of Agriculture and Industries to the treasurer of an organization or association as authorized under the provisions of this Act, the treasurer of said organization shall furnish the Commissioner a bond approved by the Commissioner in the amount of not less than the estimated annual total amount of the assessments handled by such officer. The surety on said bond shall be corporate surety company duly qualified and licensed to do business in Alabama and said bond shall be conditioned upon the faithful handling, proper

Any funds expended by the certified association not authorized by the promotional program previously approved shall be deemed as an unauthorized and illegal expenditure of such funds. All funds approved by the certified association for expenditure as required hereunder by any certified association for an approved promotional program for the soybean industry as authorized under this Act are hereby appropriated for disbursement and expenditure by said certified associations to carry out any such approved promotional program or programs, and it shall not be necessary for the Legislature to make any specific or general appropriation for such disbursements or expenditures nor shall such disbursements and expenditures be subject to the budget and allotment requirements of Title 55, Chapter 4, Article 3, Code of Alabama, and such disbursements and expenditures shall not be restricted or subject to any other requirements for any general or special appropriations.

An examination or audit as herein required to be made and submitted to the State Board of Agriculture and Industries shall be open to public inspection. Within ninety days following the close of a certified association's fiscal year, if it has received any funds from assessments levied and collected pursuant to this Act, such association shall publish a duly verified statement in the publication of the certified association showing the amount so received and collected and the amount or amounts spent for each project and item.

The State Board of Agriculture and Industries shall have authority at any time to revoke or cancel any approval or certification of an association in the event it finds that such association is not carrying out its promotional program in accordance with the provisions of this Act and rules and regulations promulgated thereunder. Before any certification may be revoked the certified organization shall be given notice and an opportunity to be heard by the State Board of Agriculture and Industries upon the question of whether its certification should be revoked.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 1 of Title 27 is hereby amended to read as follows:

“Section 1. **Petition for adoption of minor child.** Any proper adult person, or husband and wife jointly, may petition the probate court of the county in which he or they have a legal residence, or of the county in which the child resides, or of the county in which the child had legal residence when it became a public charge, or of the county in which is located any agency or institution operating under the laws of this state, having guardianship and custody of the child, for leave to adopt a child and for a change of the name of such child. Such petition for adoption shall be accompanied by an official copy of the certificate of birth of the child and shall specify the name, age and place of residence of the child and the name, age and place of residence of the petitioner, and the name by which the child

shall be known; whether such child is possessed of any property, and the full description of the property, if any; whether the child has one or both parents living; in case one or both are alive, then the name or names and place or places of residence of such father and mother shall be shown unless proven to be unknown to the petitioner; provided, that if such child sought to be adopted is, by previous order of a juvenile court, or a court of like jurisdiction under the legal guardianship and permanent custody of the State Department of Pensions and Security or of an institution or agency licensed by the said Department for the care of children, then the names of parents may be omitted from such petition, in which case the court shall cause such allegation and the petition to be verified. In such cases the copy of the certificate of the birth of the child shall not be required.

Section 2. Section 2 of Title 27 is hereby amended to read as follows:

“Section 2. Investigation by State Department of Pensions and Security, or its duly authorized agents; hearing of petition.—Upon the filing of a petition for the adoption of a minor child a copy of such petition, together with a statement containing the full names and permanent address of the child and the petitioners and the relationships, if any, of the child to the petitioner(s) shall be served by the court receiving petition within five days on the State Department of Pensions and Security by registered mail or personal service. Except as herein-after provided, it shall then be the duty of the said Department through its own agents, or through such other agencies and institutions licensed by the Department for the care and placement of children, or through the director of the county department of pensions and security of the county of the court hearing the petition to verify the allegations of the petition, to make a thorough investigation of the matter and to report its findings in writing to the court. The report shall show among other things: Why the natural parents, if living, desire to be relieved of the care, support and guardianship of such child; whether the natural parents have abandoned such child or are morally unfit to have its custody; whether the proposed foster parent or parents, is or are financially able and morally fit to have the care, supervision and training of such child; the physical condition and also the mental condition of such child insofar as this can be determined. Provided that the Department of Pensions and Security is no longer required to investigate petitions of stepfathers, stepmothers, or those closely related persons enumerated in Act No. 297, Special Session 1961, page 2357, or report to the Court on those petitions. Upon the day so appointed the court shall proceed to a full hearing of the petition and the

examination of the parties in interest, under oath, with the right of adjourning the hearing and examination from time to time as the nature of the case may require. If the report of the State Department of Pensions and Security or its duly authorized agents, as provided herein, disapproves of the adoption of the child, motion may be made to the court to dismiss the petition."

Section 3. Section 1 of Act No. 294, Special Session 1961, is hereby amended to read as follows:

"Except as provided in Section 1 of this Act, if the court is satisfied that the natural parents have just cause for desiring to be relieved of the care, support and guardianship of said child, or have abandoned the child, or are morally unfit to retain its custody, that the petitioning foster-parent or parents is or are financially able and morally fit to have the care, supervision and training of such child; that such child is suitable for adoption in a private family home, and that such change of name and guardianship is for the best interest of such child, it shall make an interlocutory order setting forth the facts and declaring that from the date of the final order of adoption in such case, if such final order be afterwards entered, as hereinafter provided, such child, to all legal intents and purposes, will be the child of the petitioner or petitioners and that its name may be thereby changed. Except as provided in Section 1 of this Act, such final order of adoption shall not be granted until the child shall have lived for six months in the home of the petitioner subsequent to the issuance of the interlocutory order and shall have been visited during the said period at least two times by an agent of the State Department of Pensions and Security or its duly authorized agents as provided herein. At any time before the entry of such final order of adoption, the court may revoke its interlocutory order for good cause, either of its own motion or on the motion of the said Department or its duly authorized agents as provided herein, or on the motion of the natural parent or parents of such child, the original petitioner or petitioners, but no such revocation shall be entered unless ten days notice in writing shall have been given to the original petitioner or petitioners (unless he or they make the motion), or unless the original petitioner or petitioners shall have been given an opportunity to be heard. Within ten (10) days of the entry of the final order of adoption the judge or the clerk of the court shall send a copy of the final order to the State Department of Pensions and Security, and shall send a certificate of the final order of adoption to the state registrar of vital statistics of the department of public health upon the form supplied by the state registrar for that purpose. Upon receipt of copy of any final order of adoption the state registrar of vital statistics shall cause to be made a new record of the birth in the new name, and with

the name or names of the adopting parent or parents as contained in the final decree. He shall then cause to be sealed and filed the original certificate of birth with the decree of the court and such sealed package shall be opened only upon the demand of said child when he has attained his majority or adopting parents or by the order of a court of record."

The same procedure shall be followed as in adopting a child other than a stepchild except that if the court determines that the said child or children has or have resided in the home of the stepparent for a period of six months or more, the court, may within its discretion, if it appears that the adoption is likely to be successful and is for the best interests of the child or children, immediately enter the final order of adoption, which decree of adoption shall not deprive the natural parent, who resides in the same domicile with the petitioner, of any of the legal rights and obligations due from them to the child or from the child to them. A grandfather, a grandmother, a brother, a half-brother, a sister, a half-sister, an aunt or an uncle and their spouses, if there be any, may petition the probate court of his or her county of residence for leave to adopt a minor grandchild, a minor brother, a minor half-brother, a minor sister, a minor half-sister, a minor nephew or a minor niece, and if desired, for a change of the name or names of such minor child or children, but no such adoption shall be permitted without the consent of the natural parent or parents except as provided in Section 3 of Title 27, Code of Alabama 1940. The same procedure shall be followed as in adopting a child other than a child of the degree of relationship described above, except that if the court determines that the said child or children has or have resided in the home of the grandfather, grandmother, brother, half-brother, sister, half-sister, aunt or uncle, and their spouses, if there be any, for a period of one year or more, the court may, within its discretion, if it appears that the adoption is likely to be successful and is for the best interests of the child or children, immediately enter the final order of adoption."

Section 5. All other laws or parts of laws in conflict with the provisions of this Act are hereby repealed.

Section 6. The provisions of this Act shall apply to all adoption petitions now pending and all filed hereafter.

Section 7. The provisions of this Act are severable. If any part is held invalid, such invalidity shall not affect other provisions which can be given effect without the invalid provisions.

Section 8. This Act shall become effective immediately upon its passage and approval by the Governor or upon its otherwise becoming a law.

Act No. 236

H. 217—Cross, Carter

AN ACT

To authorize, provide for the licensing of, and to regulate the operation of, and hunting on privately owned hunting preserves, stocked by artificially propagated upland birds in all counties having populations of not less than 27,000 nor more than 27,900 according to the most recent federal decennial census; to prescribe the fees for such licenses, provide for their collection and distribution, and to prescribe penalties for violation of this Act.

Be It Enacted by the Legislature of Alabama:

Section 1. This Act shall apply only in counties having populations of not less than 27,000 nor more than 27,900 according to the most recent federal decennial census.

Section 2. Any person, firm, or corporation desiring to operate a hunting or shooting preserve in any county to which this Act applies on which artificially propagated birds may be hunted, taken, captured, killed, or otherwise recovered, may do so upon obtaining a hunting preserve license and complying with the provisions of this Act and all rules and regulations prescribed by the director of conservation governing the operation of hunting preserves.

Section 3. Each hunting preserve shall contain a minimum of 100 acres in one tract of leased or owned land, including water area, if any, and shall be restricted to not more than 1,000 contiguous acres including water, if any. The exterior boundaries of each hunting preserve shall be bordered by a single strand of wire or such fence as is acceptable to the state director of conservation, except where rivers, creeks, roads, or other clearly

defined demarcations or delineations, acceptable to the director of conservation, form the boundary or a part thereof. Signs shall be erected at intervals of not less than 150 feet around the perimeter of the tract. At the top of each sign shall appear in letters not less than 2 inches high the words, "LICENSED HUNTING PRESERVE," and such other words as the director of conservation may prescribe. No hunting preserve shall be located within one mile of any other such preserve or within one mile of any management area or refuge existing under state or federal law or regulations at the time of the establishment of such hunting preserve. No license shall be issued for any hunting preserve on which the shooting of turkeys is authorized.

Section 4. Game which may be hunted on a preserve licensed under this Act shall be artificially propagated bob-white quail, coturnix quail, pheasants, chuckar partridge, and such other species of fowl as the director of conservation shall designate. A minimum stock of at least 1,000 bob-white quail, if bob-white are to be hunted on the preserve, and a minimum stock of 200 of each of the other species of birds, listed above, to be hunted on a licensed preserve shall be released on the licensed hunting area during each hunting season.

Section 5. The privilege license or permit fee for operating a hunting preserve shall be \$25 per year for the first 100 acres of hunting preserve area plus \$5 per year for each additional 100 acres or part thereof. Any person who desires to operate such a hunting preserve shall first file a request with a local state game warden, or with the state department of conservation, to have the tract which he proposes to use as a hunting preserve inspected, and if it meets the requirements of this Act and the rules and regulations of the department of conservation he shall have a permit issued to him to procure a license to operate such hunting preserve. Upon presentation to the judge of probate of the county in which the preserve is located of a permit from the department of conservation, dated not more than thirty days prior to its presentation, accompanied by the proper license fee prescribed in this section and an issuance fee of fifty cents, the judge of probate of any county to which this Act applies shall issue a privilege license to operate a hunting preserve to the applicant. Privilege licenses to operate hunting preserves shall be issued on forms prescribed by the director of conservation and furnished by him to the judges of probate. All fees collected by the judges of probate for issuing hunting preserve licenses shall be remitted at the same time and in the same manner that hunting and fishing license fees are remitted and shall be paid into the game and fish fund of the state department of conservation.

Section 6. The holder of a license issued pursuant to this Act, his guest, and patrons may hunt, take, capture, kill, or

otherwise recover during the year no more than 80 per cent of the total number of each species of birds released on the preserve during such year. The season during which each species of birds may be hunted, taken, captured, killed, or otherwise recovered on such preserve and the bag limits shall be prescribed by the state director of conservation; but in no event shall the season be longer than six months, nor shall it begin before October 1, nor extend later than March 31 of any year.

Section 7. Bob-white quail and coturnix quail shall be tagged with self-sealing tag prior to being released on the preserve. The operators of hunting preserves shall cooperate in other requests which the director of conservation might make for scientific investigations. The Alabama Department of Conservation shall specify tags which hunting preserve operators shall use, the tags to be numbered consecutively, dated by year of issuance, and carry the operator's license number.

Section 8. Each hunting preserve operator shall maintain a register and record therein the names, addresses, hunting license numbers, the date on which each hunted, and the amount and species of game taken by each hunter. An accurate record by species shall also be maintained of the total number of birds raised on the preserve or purchased, and the number of each species released thereon each year. These records shall be open to inspection by any duly authorized representative of the state department of conservation at any reasonable time, and shall be the basis upon which the bag limits and hunting seasons in section 6 hereof shall be determined.

Section 9. Alabama hunting licenses shall be required of all persons hunting on licensed hunting preserves. Alabama residents shall be licensed under the regularly established game laws. Each non-resident hunting on a licensed preserve shall be required to possess a regular non-resident annual hunting license or a non-resident trip hunting license.

Section 10. Duly authorized agents of the state department of conservation, game wardens, and other law enforcement officers duly authorized to enforce game and fish laws shall have authority to enforce all game and fish laws and regulations on such preserves; and for such purposes are authorized to enter and inspect licensed hunting preserves. Violations of game and fish laws and regulations on such hunting preserves either by the owner, guests, or patrons of such preserves shall be grounds for revocation of the hunting preserve license; and the director of conservation may immediately revoke a hunting preserve license upon proof that any such violations have occurred thereon.

Section 11. Any person, firm, or corporation who operates a licensed hunting preserve in violation of any provisions of this

Act or a duly promulgated rule of the director of conservation relative to the operation thereof shall be guilty of a misdemeanor; and upon conviction shall be punished by a fine of not less than \$50 nor more than \$500 and at the discretion of the court may also be imprisoned for a period of not more than six months for each offense.

Section 12. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 13. All laws or parts of laws which conflict with this Act are repealed.

Section 14. This Act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

ELIGIBILITY TO VOTE IN REFERENDUM.—Any referendum conducted hereunder shall be held on a state-wide basis pursuant to the requirements of this Act and in accordance with rules and regulations adopted for conducting such a referendum. All milk producers who shall be subject to any assessment levied hereunder shall be entitled to vote therein. The results of the referendum shall also be certified to the Commissioner of Agriculture and Industries.

Section 12. SUBSEQUENT REFERENDUMS.—In the event any such referendum conducted as hereinabove provided shall fail to receive a majority of affirmative votes from milk producers voting therein, then the certified association conducting the referendum shall be authorized to call another referendum for the purposes herein set forth during the next succeeding year, on the question of an assessment and promotional program for the period authorized by this Act, provided no such referendum shall be held within a period of twelve months following the date on which the last referendum was held. In the event such referendum is carried or favored by the required number of eligible voters participating therein and assessments in pursuance thereof are levied as set forth in the call for the referendum, the period of time during which such assessments shall be levied and collected shall be for a period of not more than five (5) years or for a shorter period as set forth in the call for the referendum. If such a referendum is carried or favored by the required number of producers of milk voting therein and assessments are levied in pursuance thereof, then the certified organization conducting such a referendum shall have full power and authority to call and conduct during, or after, the last year of such period another referendum in which milk producers may vote upon the question of whether or not such assessments shall be continued, renewed, increased or decreased, for another period of time as authorized under the provisions of this Act. The amount of the assessment as stated in a referendum shall not be increased or decreased from the amount approved in any referendum and shall continue at such amount until a subsequent referendum is conducted among producers of milk. Subsequent referendums as authorized hereunder shall be subject to all of the requirements of an original referendum conducted under the provisions of this Act.

Section 13. COLLECTION OF ASSESSMENTS.—In the event a majority of milk producers voting in the referendum approve the levying of an assessment upon the sale of milk for a promotional program, the Commissioner of Agriculture and Industries shall, within thirty days following the date on which

Any distributor, producer-distributor, processor, handler or dealer or other purchaser of milk located in the State of Alabama who purchases milk directly from producers located outside of the State of Alabama shall be required to comply with the provisions and requirements of this Section only with respect to milk produced in the State of Alabama; provided, that nothing herein shall be construed to prohibit any such purchaser of milk from deducting any assessment levied hereunder upon purchases of milk produced in another state where the producer thereof voluntarily agrees to such a deduction. Provided, further, that any distributor, producer-distributor, handler, processor, or other purchaser of milk located in another state who purchases milk produced in Alabama directly from the producer thereof may be required to deduct any assessments levied hereunder only with respect to milk produced in the State of Alabama. The surety of said bond shall be a corporate surety company qualified to do business in Alabama and said bond shall be conditioned upon

the faithful handling, proper accounting and properly authorized expenditure of funds received and disbursed by the principal named in said bond.

Section 15. EXPENDITURE OF ASSESSMENTS; RESEARCH, EDUCATION, ADVERTISING.—The funds derived from assessments levied upon the sale of milk as authorized under this Act shall be used and expended by the certified association for the purpose of promoting and stimulating by advertising, public relations and other methods the increased use and sale of milk and milk products. Such funds may also be used for the financing or contributing toward the financing of research, experimental and educational programs for the efficient and economical production, distribution, processing, use and marketing of milk and milk products. The certified association may enter into cooperative agreements with appropriate agencies of any public or private institutions or other organizations that conduct programs and engage in similar activities as authorized under this Act and funds derived from assessments to the extent agreed upon may be contributed to such institutions, agencies and organizations for such work. The certified association may also formulate and establish a plan for advertising and sales promotion, and to carry out such a promotional program agreements for this purpose may be entered into with advertising and public relations agencies or similar organizations. Following the close of each calendar year, or the fiscal year of the certified association, such association shall prepare and submit to the Commissioner of Agriculture and Industries and the State Board of Agriculture and Industries a copy of the annual audit required under Section 17 of this Act for review by said Commissioner and Board for the purpose of determining whether the funds expended by the certified association are for and in keeping with the purpose or purposes as authorized under the provisions and authority of this Act. It shall not be necessary for the Legislature to make any specific or general appropriation of funds for disbursement or expenditure by the certified association nor shall such disbursements or expenditures be subject to the budget and allotment requirements of Title 55, Chapter 4, Article III, Code of Alabama of 1940, and such disbursements and expenditures shall not be restricted or subject to any other requirements for general or special appropriations. The payment of salaries, purchases of equipment and other expenses necessary to carry out the provisions, requirements and purposes of this Act and within limitations prescribed by this Act shall be deemed as authorized expenditures from funds received from assessments levied hereunder.

Section 16. JOINT PROGRAMS WITH OTHER STATES.—Any certified association may enter into agreements with similar associations, boards, commissions or other agencies of

The annual audit as herein required to be made and submitted to the State Board of Agriculture and Industries shall be open to public inspection. Within ninety days following the close of a certified association's fiscal year, if it has received any funds from assessments levied and collected pursuant to this Act, such association shall publish a duly verified statement in a publication of the certified association which has a circulation to its membership showing the amount so received and collected and the amount or amounts disbursed and expended and the purposes of such expenditures.

The certified association shall within thirty days after receipt of the application for refund, after such association determines that the assessment was deducted as claimed in the application, refund to the producer the amount so paid as an assessment. SECTION 5. The organization under this act of a retirement system may provide for the cessation, limitation, or application of any former system of retirement benefits applying to persons eligible to be included in the newly organized system, provided that any funds of such former system transferred to the newly organized system shall be first applied to the payment of the benefits on account of which such funds were contributed.

SECTION 6. The funds of such retirement system organized under the provisions of this act shall be held independently of the funds in the treasury of the city, and shall constitute a trust fund to be used only for the purpose of providing the benefits of such retirement system. The ordinance shall provide for trustees, who may be members of the Board, to invest and reinvest the funds of the system under such terms and restrictions in the manner of making investments as are provided in Act No. 515, approved July 9, 1945, establishing a state employees' retirement system, found in general acts of Alabama of 1945, pages 734 to 752.

Act No. 352

S. 436—Pierce, Jones

AN ACT

To provide for the proportion of contribution by counties and incorporated municipalities therein to the budget of a county health department in all counties in this state having a population exceeding 150,000 and not exceeding 180,000 inhabitants, according to the latest Federal Census, or which shall hereafter have such population, according to any such census that may hereafter be taken.

Be It Enacted by the Legislature of Alabama:

SECTION 1. That this act shall apply to and have application in all counties in this state having a population exceeding 150,000, and not exceeding 180,000 inhabitants, according to the latest Federal Decennial Census, or which shall hereafter have such population according to any Federal Decennial Census that may hereafter be taken, and to all incorporated municipalities now or hereafter existing in such counties.

SECTION 2. That in all such counties and municipalities the proportion of contribution to be made to any budget of a county health department as between such counties and incorporated municipalities therein shall be determined by the following formula, to-wit: Add to the total population within the boundaries of any such county the total population within the boundaries of all incorporated municipalities within such county, to arrive at a common denominator, and such county shall contribute the proportion of such budget that the total

population within its boundaries bears to said common denominator, and each incorporated municipality in such county shall contribute the proportion of said budget that the total population within its boundaries bears to said common denominator. The population to be used in said formula shall be the population of such counties and municipalities according to the most recent Federal Decennial Census. The following is an example of the application of said formula: Assume that the County of "A" has a population of 140,000, the City of "B" a population of 100,000, and the City of "C" a population of 10,000. The common denominator, therefore, would be 250,000, and the proportionate contribution to the county health department by each governmental unit would be as follows: Count of "A", fourteen Twenty-fifths ($14/25$), City of "B" ten-twenty-fifths ($10/25$), and City of "C", one-twenty-fifth ($1/25$). If the annual budget of the county health department to be apportioned between the County of "A" and the Cities of "B" and "C" is \$100,000, the County of "A" would contribute fourteen-twenty-fifths ($14/25$) of \$100,000 or \$56,000, the City of "B" would contribute ten-twenty-fifths ($10/25$) of \$100,000 or \$40,000, and the City of "C" would contribute one-twenty-fifth ($1/25$) of \$100,000 or \$4,000.00.

SECTION 3. All laws or parts of laws in conflict with the provisions of this act are hereby repealed.

SECTION 4. This act shall take effect immediately upon its passage and approval by the Governor.

AN ACT

To authorize, provide for the licensing of, and to regulate the operation of, and hunting on privately owned hunting preserves, stocked by artificially propagated upland birds in DeKalb County to prescribe the fee for such licenses, provide for their collection and distribution; and to prescribe penalties for violation of this Act.

Be It Enacted by the Legislature of Alabama:

Section 1. Any persons, firm, or corporation desiring to operate a hunting or shooting preserve in DeKalb County on which artificially propagated birds may be hunted, taken, captured, killed, or otherwise recovered, may do so upon obtaining a hunting preserve license and complying with the provisions of this Act and all rules and regulation prescribed by the director of conservation governing the operation of hunting preserves.

Section 2. Each hunting preserve shall contain a minimum of 100 acres in one tract of lease or owned land, including water area, if any, and shall be restricted to not more than 1,000 contiguous acres including water, if any. The exterior boundaries of each hunting preserve shall be bordered by a single strand of wire or such fence as is acceptable to the state director of conservation, except where rivers, creeks, roads, or other clearly defined demarcations or delineations, acceptable to the director of conservation, form the boundary or a part thereof. Signs shall be erected at intervals of not less than 150 feet around the perimeter of the tract. At the top of each sign shall appear in letters not less than 2 inches high the words, "LICENSED HUNTING PRESERVE," and such other words as the director of conservation may prescribe. No hunting preserve shall be located within one mile of any other such preserve or within one mile of any management area or refuge existing under state or federal law or regulations at the time of the establishment of such hunting preserve. No license shall be issued for any hunting preserve on which the shooting of turkeys is authorized.

Section 3. Game which may be hunted on a preserve licensed under this Act shall be artificially propagated bobwhite quail, coturnix quail, pheasants, chuckar partridge, and such

other species of fowl as the director of conservation shall designate. A minimum stock of at least 1,000 bob-white quail, if bob-white quail are to be hunted on the preserve, and a minimum stock of 200 of each of the other species of birds, listed above, to be hunted on a licensed preserve shall be released on the licensed hunting area during each hunting season.

Section 4. The privilege license or permit fee for operating a hunting preserve shall be \$25 per year for the first 100 acres of hunting preserve area plus \$5 per year for each additional 100 acres or part thereof. Any person who desires to operate such a hunting preserve shall first file a request with a local state game warden, or with the state department of conservation, to have the tract which he proposes to use as a hunting preserve inspected, and if it meets the requirements of this Act and the rules and regulations of the department of conservation he shall have a permit issued to him to procure a license to operate such hunting preserve. Upon presentation to the judge of probate of the county in which the preserve is located of a permit from the department of conservation, dated not more than thirty days prior to its presentation, accompanied by the proper license fee prescribed in this section, and an issuance fee of fifty cents, the judge of probate of any county to which this Act applies shall issue a privilege license to operate a hunting preserve to the applicant. Privilege licenses to operate hunting preserves shall be issued on forms prescribed by the director of conservation and furnished by him to the judges of probate. All fees collected by the judges of probate for issuing hunting preserve licenses shall be remitted at the same time and in the same manner that hunting and fishing license fees are remitted and shall be paid into the game and fish fund of the state department of conservation.

Section 5. The holder of a license issued pursuant to this Act, his guest, and patrons may hunt, take, capture, kill, or otherwise recover during the year no more than 80 per cent of the total number of each species of birds released on the preserve during such year. The season during which each species of birds may be hunted, taken, captured, killed, or otherwise recovered on such preserve and the bag limits shall be prescribed by the state director of conservation; but in no event shall the season be longer than six months, nor shall it begin before October 1, nor extend later than March 31 of any year.

Section 6. Bob-white quail and coturnix quail shall be tagged with self sealed tag prior to being released on the preserve. The operators of hunting preserves shall cooperate in other requests which the director of conservation might make for scientific investigations. The Alabama Department of Conservation shall specify tags which hunting preserve operators

shall use, the tags to be numbered consecutively, dated by year of issuance, and carry the operator's license number.

Section 7. Each hunting preserve operator shall maintain a register and record therein the names, addresses, hunting license numbers, the date on which each hunted, and the amount and species of game taken by each hunter. An accurate record by species shall also be maintained of the total number of birds raised on the preserve or purchased, and the number of each species released thereon each year. These records shall be open to inspection by any duly authorized representative of the State Department of Conservation at any reasonable time, and shall be the basis upon which the bag limits and hunting seasons in Section 6 thereof shall be determined.

Section 8. Alabama hunting licenses shall be required of all persons hunting on licensed hunting preserves. Alabama residents shall be licensed under the regular established game laws. Each non-resident hunting on a licensed preserve shall be required to possess a regular non-resident annual hunting license or a non-resident trip hunting license.

Section 9. Duly authorized agents of the State Department of Conservation, game wardens, and other law enforcement officers duly authorized to enforce game and fish laws shall have authority to enforce all game and fish laws and regulations on such preserves; and for such purposes are authorized to enter and inspect licensed hunting preserves. Violations of game and fish laws and regulations on such hunting preserves either by the owner, guests, or patrons of such preserves shall be grounds for revocation of the hunting preserve license; and the director of conservation may immediately revoke a hunting preserve license upon proof that any such violations have occurred thereon.

Section 10. Any person, firm, or corporation who operates a licensed hunting preserve in violation of any provision of this Act or a duly promulgated rule of the Director of Conservation relative to the operation thereof shall be guilty of a misdemeanor; and upon conviction shall be punished by a fine of not less than \$50 nor more than \$500 and at the discretion of the court may also be imprisoned for a period of not more than six months for each offense.

Section 11. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 7. For the purposes of the Act and the regulations of the Board, each separate location at which the practice of barbering or any part thereof is taught shall be considered to be a barber college, and a separate certificate shall be required for each. However, facilities at which the practice of barbering or any part thereof is taught which are operated or maintained by a college in the same central area as the main establishment of the college shall not be deemed for the purposes of this Act, to be a separate college. No such facility shall be operated or maintained by a college until and unless each has been inspected and approved by the Board in the same manner as is required before a certificate to operate a college may be issued, the fee prescribed by this Act paid and a certificate to operate and maintain the particular facility is issued by the Board.

In considering whether the establishment of a new barber college in a particular area will be detrimental to the public welfare, the Board shall consider the need for barber college facilities or additional barber college facilities, as the case may be, in the community where the proposed barber college is to be located, giving particular consideration to:

The members of the Board shall have the power to administer oaths and shall have the power to require the attendance of witnesses and the production of books, records and papers as it may desire at any hearing on any matter which the Board has the authority to investigate, and for that purpose may require the secretary of the Board to issue a subpoena duces tecum to compel the production of any books, records or papers, directed to the sheriff of the county where such witness resides or may be found, which subpoenas and subpoenas duces tecum shall be served and returned in the same manner as a subpoena in a criminal case is served and returned. The fees and mileage of the sheriff and witnesses shall be the same as allowed in the Circuit Court of this State. Such fees and mileage shall be paid from the fund of the Board on deposit in the Treasury for the use of the Board in the same manner as other expenses of the Board are paid. The Board must subpoena all witnesses from whom subpoena is requested by the applicant, licensee or holder of a certificate, provided, however, that such request shall be made in writing to the secretary of the Board at least 10 days prior to the date set for the hearing. All fees and mileage of the sheriff and witnesses subpoenaed at the request of such applicant, licensee or holder of a certificate shall be paid by the applicant, licensee or holder of a certificate, and execution may issue therefor in civil cases in the Circuit Courts of this State.

Provided, however, the Board shall not on any of the grounds in this section stated, refuse to issue or renew any license or certificate nor shall it revoke or suspend any such license or certificate already issued, except after a hearing, of which the applicant or licensee or the holder of the certificate affected shall be given at least twenty (20)

days notice in writing, specifying the reason or reasons for denying the applicant a license or certificate of registration, or in case of a suspension or revocation, the offense or offenses of which the licensee or the holder of the certificate or registration is charged. Such notice may be served by mailing a copy thereof by registered mail to the last known residence or business address of such applicant, licensee or holder of a certificate. The hearing on such charges shall be at such time and place as the Board may prescribe, provided, however, that such hearing must be held in the county in which such applicant, licensee or holder of a certificate has his or her place of business.

Findings made by the Board are deemed conclusive, unless within thirty (30) days after notice of the decision of the Board has been given an aggrieved party, said aggrieved person shall appeal said finding or ruling to the Circuit Court of the County of his residence, or to the Circuit Court of Montgomery County. In the event of such appeal, the Circuit Court shall hear the same *de novo*. Such aggrieved person shall have a right to demand trial by jury by demanding same at the time of the filing with the Board of the notice of appeal. The action of the Board shall be stayed pending such appeal. The Circuit Court shall have the right to affirm, reverse or affirm in part or reverse in part the finding of the Board and shall render such final judgment as to the court may seem just and proper.

In the event the decision of the Board is affirmed the cost of such appeal shall be taxed against the party taking such appeal. In the event the decision of the Board is not affirmed in whole the court shall in its discretion tax such cost of appeal against the Board or against the person taking such appeal or partly against each; and the court in its discretion may award a reasonable attorney fee to the attorney for the party taking such appeal as part of such cost, in the event the decision of the Board is not affirmed in whole.

Section 9: The holder of a certificate or license issued by said Board as provided by this Act who continues in active practice of said profession within the meaning of this Act shall on or before the 1st day of January renew his or her certificate or license and pay the renewal fee.
